" SWEET SORROW "

No longer shall I wait for the 'tomorrow'!
 Yet another day paving way for sorrow!!
 Oh! My Lord! Happiness is all I'd borrow!
 And finally leaving a blend of sweet sorrow!!

Oh! sorrow - how sweet you're?
 For relishing you, we've travelled so far!!
 And all those moments you made me perish!
 Are the memories, long I've cherished!!

Oh! How she cries at you, at the end of spring!
 The little nightingale & unaware of ways you bring!!
 Away you take a bud from the sun's gleam!
 But Oh! That was all she could dream!!

The ~~sorrow~~ I'd, when you took my lady away!
 With memories of her on the mere earth I lay!!
 'Tis then I realized, Oh sweet sorrow! your real bliss!
 Was more magnificent than my lady's sweet kiss!!

Oh! sorrow - how sweet you're!
For relishing you, we've travelled so far!!
And all those moments you made me perish!
Are the memories, long I've cherished!!

At times when tired of desire!
You demanded, "C'mon, sit in there your fire!!"
Defeated by you! Sweetness in you did spread smiles!
That had the strength of covering a million miles!!
Sweet sorrow, you're better than the lost humanity!
Oh! Do you know, their characters're nowarranty??
"Can we ever bring it back"; I long to ask you...!
And you reply, "Oh! It's time to say Adieu"!!

Oh! ~~sorrow~~ - how sweet you're!
For relishing you, we've travelled so far!!
And all those moments you made me perish!
Are the memories, long I've cherished!!

Sorrow...! Are you really so sweet?
Tragedies - you've trained us to meet!!
With Lord, you've helped us to regain our might!
Under you, we've mastered the art of taking choices - right!!
In my heart, all those pain long I had bore!
Oh! exceptional're your ways; my pains reign no more!!
Oh! Mighty thee! Never take away this sweet sorrow!
To whom a lot of responsibilities we owe!!

Oh! sorrow - how sweet you're?
For relishing you, we've travelled so far!!
And all those moments you made me perish!
Are the memories, long I've cherished.
