

# Annual Report: Little Kites Unit (2025-2026)

## HS PARLI

This report outlines the diverse activities and achievements of the **Little Kites** unit for the academic year 2025-2026. This year, our focus remained on fostering digital excellence, community outreach, and the promotion of Free and Open Source Software (FOSS).

### 1. Skill Development and Campus Creative Initiatives

Our members utilized their technical skills to document school life and enhance the school's digital presence.

- **School Promotion & Branding:** The unit produced high-quality **School Promo Videos** and a series of "**My School, My Pride**" reels, showcasing our campus culture to a wider audience.
- **Event Documentation:** Little Kites acted as the official media wing for the school, providing comprehensive **documentation of all major and minor events** within the campus.
- **Creative Media:** Members produced a poignant **Short Film on Drug Abuse**, raising awareness through visual storytelling.
- **Uniform Induction:** A milestone for the year was the distribution of the official **Little Kites uniform for the 9th batch**, instilling a sense of identity and discipline.

### 2. Software Freedom and IT Competitions

The spirit of FOSS was celebrated with enthusiasm, and our members proved their mettle in competitive arenas.

- **Software Freedom Fest:** A vibrant celebration featuring:
  - A high-energy **Flash Mob** to grab attention.
  - An engaging **Online Quiz** on open-source technologies.
  - A dedicated **FOSS Corner Stall** during the Sub-District Sports Meet to educate the public.
- **IT Fairs & Camps:** Our members actively participated and excelled in the **Sub-District and District level IT Fairs**, as well as the residential **Little Kites District and Sub-District camps**, sharpening their advanced computing skills.

### 3. Community Outreach and Digital Literacy

One of our core missions this year was to bridge the digital divide through social responsibility.

- **Inclusive Education:** Members conducted a special **IT class for differently-abled children** at *Chaithanya, Kallekkad*, ensuring technology is accessible to everyone.
- **Empowering Parents:** \* Conducted an **Awareness Class for parents of Anganwadi students.**
  - Organized sessions on **Digital Literacy and the Samagra Portal** for parents during Class PTA meetings, helping them track their children's academic progress.
- **Peer-to-Peer Learning:** Opened our doors to the wider student body by hosting a **Class on Animation and Gaming for non-Little Kites members.**

#### 4. Innovation, Environment, and Special Assignments

We emphasized the practical application of technology in science and environmental management.

- **Exhibitions:** Members showcased their technical ingenuity through a **Working Models Display**, explaining the hardware and software logic behind their creations.
- **E-Waste Management:** As a group activity, students developed and distributed a **Questionnaire on E-waste management** to collect data and sensitize the local community about electronic pollution.
- **District-Level Documentation:** In a major recognition of our skills, the unit was entrusted with the **documentation of the AKPSA Palakkad District Sports Meet.**
