വശ്യ മനോഹരമായ പ്രകൃതിയിൽ ഓരോ പുലരിയിലും വിടരുന്നത് വിസ്തൃതമായ കാഴ്ചകൾ കണ്ടുകൊണ്ടാണ്. ശാസ്ത്രലോകത്തിന്റെ ഉയർത്തേഴുന്നേൽപ്പും വിവരസാങ്കേതിക വിദ്യയുടെ അതുരകരമായ നേട്ടങ്ങളും നമ്മെ പുത്തൻ പ്രതീക്ഷയുടെ ലോകത്തിലേക്ക് കൈ പിടിച്ച് ഉയർത്തുന്നു.

അറിവ് അനന്തമാണ്. അത് ചെറിയ സമയത്തിനുള്ളിൽ പരമാവധി കോരിനിറക്കാൻ കമ്പ്യൂട്ടർയുഗത്തിൽ വന്ന മാറ്റങ്ങൾ നമ്മെ സഹായിക്കുന്നു. വിദ്യാഭ്യാസം, ബാങ്കിങ്, തൊഴിൽ, ആരോഗ്യം, മാർക്കറ്റിംഗ്, ഇങ്ങനെ പല പല മേഖലകളിലും വളരെയധികം സ്വാധീനം ചെലുത്താൻ കമ്പ്യൂട്ടർ വിപ്ലവത്തിന് കഴിഞ്ഞിട്ടുണ്ട്.

ലൈറ്റിൽകൈറ്റ്സിന്റെ പ്രവർത്തനങ്ങളിലൂടെ ഓരോവിദ്യാർത്ഥിക്കും നല്ലവഴിയിലൂടെ കമ്പ്യൂട്ടർപഠനം നടത്താനുള്ള താത്പര്യം വളരുന്നു. അതിന്റെ അനന്തസാധ്യതകൾ കണ്ടെത്താനുള്ള കൗതുകം ഉണ്ടാകുന്നു. ഇത്തരം പ്രവർത്തനങ്ങളിലൂടെ വളർന്നുവരുന്ന പുതുതലമുറക്ക് വീണ്ടും വിപ്ലവകരമായ മാറ്റങ്ങൾ സൃഷ്ടിക്കാൻ സാധിക്കട്ടെ.

ഞങ്ങളുടെ ഈ കൊച്ചു സൃഷ്ടി നിങ്ങളുടെ അംഗീകാരത്തിനായി സമർപ്പിക്കുന്നു.

THE CROW AND THE SNAKE

Two crows-a male and a female-build their nest on a big tree.

The female crow laid eggs in the nest. They waited for the eggs to hatch.

Some days later-fledglings came out-a nest full. The parents of were happy.

They flew away to collect food stuffs to feed the young ones. On return they saw a snake coming out of the nest. The snake ate all the baby crows.

Again the crow laid eggs. This time also the snake ate all the young ones. The crows became very sad.

A fox was residing there. He was friendly with the crows. They approached the fox and sought his advice for protection of fledglings from the snake.

The fox consoled the crows.

“Don’t worry. The snake is venemous. So, it is not wise to attack it directly. We must kill it cleverly.....”

THE STAG AND THE LION

Once upon a time there was a stag. The stag was very proud of his splendid set of antlers.

But he was terribly dissatisfied with his slender legs and hoofs.

One day he was followed by a lion.

Because of his good speed, the stag fled and he was out of sight of the lion.

He ran to a thicket. There his antlers were caught in the branches and he was trapped.

Alas! The stag was in trouble. He thought, “I used to complain about my slender legs and delicate hoofs. But it served me so well. I did wrong by being so proud of my large antlers. Now it is the cause of my ruin.”

BEST

If you always try your best
Then you'll never have to wonder
About what you could have done
If you'd summoned all your thunder.

And if your best
Was not as good
As you hoped it would be,
you still could say,
"I gave today
All that I had in time."

SEEING EYE

*She is my seeing eye
Who brought and ethereal
light
In all my steps and on my
ways
Miraculously and marvelously*

*When I felt sadness
Being deaf of dark illness
When I was full of worries
With a tensile heavy mind*

*Came she alone as an angel
With something special for me
It was a sedan of comfort
Along with flowers of love*

*Not a nightingale or an angel
Is she a spring in my whole life?
But sure her presence is valuable
She is none but my mother.....*

A PRAYER IN SPRING

*Oh, give us pleasure in the flowers to-day;
And give us not to thing so far away
As the uncertain harvest; keep us here
All simply in the springing of the year.*

*Oh, give us pleasure in orchard white
Like nothing else by day, Like ghosts by night.
And make us happy in the happy bees,
The swarm dilating round the perfect trees*

NO IDEAS

*No creative ideas to express
And no good thoughts to convey
I just forgot about the article
that shows how responsible I am.
My head is stuffed with accountancy and
economics,*

*And I know nothing about literature
I guess I'd draw a picture,
But I'm terrible with drawing
I just think of nothing.....
That shows how blank my head is
My pen writes something in my papers,
And I stare out of the window.
My mind roams for ideas,
From one and to another of my brain
I just to take a glance at my paper,
And of realize I've created my masterpiece.*

ON KILLING A TREE

*It takes much time to kill a tree,
Not a simple jab of the knife
Will do it. It has grown
Slowly consuming the earth
Rising out of it, feeding
Upon its crust absorbing
Years of sunlight, air, water
And out of its leperous hide
Sprouting leaves.*

*So hack and chop
But this alone wont do it.
Not so much pain will do it.
The bleeding bark will heal
And from close to the ground
Will rise curled green twigs,
Miniature boughs
Which if unchecked will expand again
To former size.*

THE FOOLISH DONKEY

A salt seller used to carry the salt bag on his donkey to the market everyday.

On the way they had to cross a stream. One day the donkey suddenly tumbled down the stream and the salt bag also fell in to the water.

The salt dissolved in the water and hence the bag became very light to carry. The donkey was very happy.

Then the donkey started to play the same trick every day.

The salt seller came to understand a lesson to it. The next day he loaded a cotton bag on the donkey.

Again it played the same trick hoping that the cotton bag would be still became lighter.

But the dampened cotton became very heavy to carry and the donkey suffered. It learnt a lesson. It did not play the trick any more after that day, and the seller was happy.

MORAL OF THE STORY:

LUCK WON'T FAVOUR ALWAYS.

WHY ME

If you have to ask **WHY ME?**
When you're feelings really blue,
When the word has turned against you
And you don't know what to do,
when it pours colossal raindrops
And the road's winding mess,
And you're feeling more confused
Than you ever could express,

When the saddened sun won't shine,
When the stars will not align,
When you don't rather be
Inside your bed,
The covers pulled ,
Above your head,
When life is something
That your dread
And you have to ask **WHY ME?...**
Then when the world seems right and true,
When the rain has left a gentle dew,

When you feel happy being you,
Please ask yourself **WHY ME?** then, too.

Nature Is Everywhere

Nature is everywhere.

Nature is everywhere you go.

*Everything that lives and grows
is nature.*

Animals

big and small.

Nature is plants that grow so tall.

Nature is beautiful is every way.

Wonderful, exciting

And needs our care.

*So listen, learn and do your part to keep
nature*

Beautiful forever.

SHE WALKS IN BEAUTY

*She Walks in beauty, like the night
Of cloudless climes and starry skies;
And all that best of dark and bright
Meet in her aspect and her eyes:
Thus mellowed to that tender light
Which heaven to gaudy day denies.
One shade the more, one ray the less,
Had half impaired the nameless grace
Which waves in every raven tress,
Or softly lightens o'er her face;
Where thoughts serenely sweet express
How pure, how dear their dwelling place.
And on that cheek, and o'er that brow,
So soft, so calm, yet eloquent,
The smiles that win, the tints that glow,
But tell of days in goodness spent,
A mind at peace with all below,
A heart whose love is innocent!*

MOTHER NATURE

**OH MOTHER NATURE ! OH MOTHER
NATURE!**

**WE LOVE YOU MORE THAN YOUR
STATURE.**

**WHY DO YOU MAKE US SUFFER
HOW CAN WE MAKE THIS PROBLEM
BUFFER**

**OH MOTHER NATURE ! OH MOTHER
NATURE!**

**PLEASE HELP US REDUCE OUR SUFFER.
SOME OF US HAVE NO WATER TO DRINK
WHERE AS INCREASED FLOODS MAKE US
SINK**

**OH MY CHILD ! OH MY CHILD!
DO YOU PROBLEMS MAKE YOU BLIND?
YOU DESTROYED ALL MY RIVERS, MY
PONDS,
MY LAKES ,MY SOIL
SO ISN'T IT REALLY YOU , WHO HAVE
CREATED
THIS TURMOIL ?**

**OH MY CHILD! OH MY CHILD!
DO YOU PROBLEMS MAKE YOU BLIND?**

**THERE IS NO SOLUTION
RATHER THAN REDUCING THE POLLUTION.
SAVE MY RIVERS ,SAVE MY LAKES,
THIS IS WHAT YOUR HAPPINESS WILL
TAKE**

The Ultimate Particle

CERN announces that the highly elusive Higgs Boson had in all probability been discovered. If it is really Higgs Boson, an important chapter in high-Energy Physics, hitherto incomplete due to doubts about the important missing building block of matter, will stand completed. On 4 July 2012 both of the CERN experiments announced they had independently made the same discovery. It is worth noting that the Higgs field does not "create" mass out of nothing, nor is the Higgs field responsible for the mass of all particles. For example, approximately 99% of the mass of Baryons is due instead to quantum chromodynamics binding energy, which is the sum of the kinetic energies of quarks and the energies of the massless gluons mediating the strong interaction inside the baryons. In Higgs-based theories, the property of mass is a manifestation of potential energy transferred to fundamental particles when they interact with the Higgs field, which had contained the mass in the form of energy.

2019 Kerala floods

On 8 August 2019, due to heavy rainfall in the Monsoon season, severe flood affected the southern Indian State of Kerala. As a security measure in the prevailing situation of heavy rains, the Government of Kerala had issued Red alert in the 9 districts in Northern and Central Kerala, orange alert in 3 districts of Central Kerala, and yellow alert in the 2 districts of southern Kerala. Thousands of people have been evacuated to safer places and relief camps. A total of 101 people have died due to rain-related incidents since 14 August 2019, These camps now host more than 2 lakh people from various parts of the state.

A total of 101 people have died due to rain-related incidents since 14 August 2019, These camps now host more than 2 lakh people from various parts of the state.

Causes

Incessant rain accompanied with the rise of water level in rivers and other water bodies have resulted in flooding in many parts of Kerala. Low pressure is also a reason Every year parts of South Asia are hit by a period of heavy rain known as the Monsoon which usually falls between June and September. It is caused by a change of wind patterns over the region, this change causes heavy rains in the summer and long dry spells over the other months. In India, the monsoon rains can provide 70% of the country's rainfall for the year. The rainfall so quickly and heavily that it can easily cause sudden flooding.

Impact

As of 14 August 2019 , 121 p]eople have been killed due to the floods across the state of Kerala. Over 2 lakh people have been directly affected by the flood, and have been shifted to 1318 relief camps in different parts of Kerala. Airport authorities suspended operations of the flood-affected [Cochin International Airport](#) till 15:00 (IST) on 11 August 2019. The data from the Kerala State Disaster Management states that, as many as 1,789 houses had been damaged fully in between 8 and 19 August, while the number of partially damaged houses is 14,542.

Rescue

Kerala State Disaster Management Authority, Kerala police along with the [Indian Air Force](#), civilians, volunteers, fishermen from coastal Kerala are actively taking part in the rescue operations in flood-affected regions.[\[10\]](#)

However, inclement weather with heavy rains and landslides are hampering the rescue operations in the hilly regions of [Wayanad](#), [Malappuram](#), and [Kozhikode](#) districts.

[\[10\]](#) 83 [National Disaster Response Force](#)(NDRF) teams were deployed in addition to the 173 teams of Army, Navy,

Air Force, and Coast Guard to take part in the relief operations.

Animal rescue was carried out by local NGOs and activists on ground mainly in places like Wayanad and Nilambur. Notable work was done by Sally Varma of [Humane Society International](#) in Nilambur where around 500 kg of dog food and more than 5000 kg of cattle feed and 2500 kg of goat feed was distributed to the starving animals.
