MADE BY NATURE

Natural resources are every thing that is provided for us by nature. Man does not make them. They can neither be renewable or non-renewable.

We call it a renewable resource if it grows again or comes back after we use it. Good examples of renewable sources are trees (forest and wood lands), crops and live stock like fish, water and soil are also renewable sources.

A non-renewable resource does not grow or come back, or it take a very long time before it is replenished. This is includes fossil fuels, coal and petroleum. To have an environmentally sustainable future where we can still enjoy natural resources, we urgently need to transform the way we use resources, by completely changing the way we produce and services.

You can make a different for the environment. It does not matter how big or how old are you.

SAVE EARTH!**

DREAM

When the world is lying in bed,
I' am still dreaming in the sky.
My eyes are closed,
But my minds eyes still dreaming.
Bouncing from the clouds to the heaven,
Where the angels are in delight.
I would take a deep breathe,
And leave my stress behind,
I am willing to go to a place.
Where my dreams are becoming true,
Fading in, fading out,
On the edge of paradise.
Every inch of my dreams,
Is the holy grail I've got to find.
Only my dreams can take me,
On the top of world.
My dreams are my confident.

SOLITUDE

Laugh, and the world laugh with you:
Weep, and you weep alone.
For the sad old earth must borrow its mirth,
But has trouble enough of its own.
Sing, and the hills will answer to a joyful sound,
Sigh, it is lost on the air.
The echoes bound to a joyful sound.
But shrink from voicing care.
Rejoice, and men will seek you;
Grieve, and they turn and go.
They want full measure of all your pleasure,
But they do not need your woe.
Be glad and your friends are many,
Be sad, and you lose them all.
There are none to decline your natural wine,
But alone you must drink your life's gall.
Feast, and your halls are crowded;
Fast, and the world goes by.
Succeed and give, and it helps you live,
But no man can help you die.

DISCOVERING NATURE

Consider nature as a best friend
And makes as a new friend
Lets travel close to nature,
And feel deeply the beauty of nature.

Then, save it for future
When we join our hands
We can save our lands
We protect our earth very kindly
We can see our environment very cleanly.

Do not pollute water
Do not cut trees, leave the tree
Stop the bad thing deforestation
Start the good thing afforestation.

When we don't join our hands together
Our nature will be an end for ever
These are the eco friendly way of
Discovering nature
For the generation of future.

THE FEELINGS OF A GIRL

When i was a child
I have friends to play
I was in dream world
But today i am a burden
To all the people in the world
Every one hates me
My parents too
I hate this world
Where is my dream world?
Where is my friend?
Today i am not in dream world
Today i am in terror
Where is my dream world?

A JOURNEY

Life is like a journey
It goes like a vehicle
Man is the driver of the vehicle
He moves it forward
It passes through sweet and bitter
It never goes back
Sometimes it waits another
And the journey goes on
Vehicle may break down
That is the end of
“THAT JOURNEY.....”

MY MOTHER

My mum, she's the best
From her head to her toes
She's warm and she's soft
Smelling sweet like a rose

She makes me feel safe,
And she keeps me well fed.

Her kisses are sweet
As she tucks me in bed

So here's to all mums,
Especially to mine.
Thanks for being my mum,
May your mother's day just *Shine*.

ONE AMONG THE TEN

Once there were ten great friends. They did everything together. Farming, Shopping or any celebrations. Once they went on a travel. There was no vehicles at that time. They went on walking. The weather suddenly changed. Wind, Rain, Thunder and Lightning started. They all rushed in to an abandoned house for shelter. They were frightened. One of them said they is one great sinner among us, if we send him out we will be safe.

How to find out who is that sinner? One said; let all our caps be kept outside. Whose cap is flown away with the wind, he will be kicked out, he will receive the God's wrath. The youngest member was of opinion that one among us is a good person that is why lightning is not entering. We will not be afraid. No body listened to him. All caps were kept outside in a row. One cap was blown away by the wind, they pushed him out. The moment he was pushed out, a great lightning struck. All the nine persons inside were charred to death....

GO 'BLUE' !

At least 70% of our Earth's surface is covered with water.

You can find water in various forms such as oceans, seas, rivers, lakes, streams, water vapour, glaciers, rain and snow. It is also present in the food you eat and even in your body!

Water is present in almost all living things. No wonder, planet Earth is called the BLUE PLANET.

THE REVERIE

Day like a dream
which was unreal
like still awaken
seeking to someone
who comes like a bee

following for hours
Then came like a butterfly
who touched and disappeared
Then came again
To say something
But with fear

I ran away

Then looked with a sigh
And stood still
Thinking for someone
Awaiting for someone
Then came with hope

I closed my eyes
stood looking at me
Very close to me

Then with a blow Blew my hair
Opening my eyes
Awakening from dream

It was a dream!
Which I thought real

No one came
And no one has gone.

VALUE OF FRIENDSHIP

Friends play an important role in every human being's life. We, human beings need friends like a butterfly needs wings and an ocean needs water. Without a friend, a human's life is incomplete. Life is too bad without a friend. A friend strengthens our heart, dissolves our pain, and refreshes our soul.

The understanding between two or more souls is called friendship. Friendship involves conversation, appreciation, patience, and understanding too. Friendship is gold, that cannot be sold in our school days. We spend most of our time with our friends. We share our things with our friends.

UNITY IS STRENGTH

Once upon a time there was a flock of doves. They flew in search of food led by their king. One day they had flown a long distance and got tired. The dove king encouraged them to fly a little further. The smallest dove flew fast and found some rice scattered beneath a banyan tree.

So all the doves landed and began to eat. Suddenly a net fell over them and they were all trapped. They saw a hunter coming towards them carrying a huge club. The doves desperately fluttered their wings trying to get out, but to no avail. The king had an idea. He advised all the doves to fly up together carrying the net with them. He said that there was strength in unity. Each dove picked up a portion of the net and together they flew off carrying the net with them. The hunter could not follow them as they were flying high over hills and valleys.

He began to cut the net and one by one. All the doves were freed including the dove king. They all thanked the mouse and flew away together united in their strength.

MORAL OF THE STORY: WHEN YOU WORK TOGETHER, YOU ARE STRONGER AND CAN EASILY OVER COME PROBLEMS.

ഒരു ശവക്കുഴി വെട്ടുകാരന്റെ ആത്മഹത്യാക്കുറിപ്പ്

ഒരാള് വന്നു, മൂന്നു കുഴി വെട്ടി
(ആരായിരിക്കുമവര്?)
ജനങ്ങളു് വട്ടം കൂടി
ദൂരെ ഒരു രോദനം
'വിശന്നിട്ടാ. ഞാന്

എന്നെയൊന്നും ചെയ്യരുതേ.'
ആ കുരച്ചില് നിലച്ചു ആദ്യത്തെ കുഴി മുടി
ഒരു പിടി മണ്ണു വാരിയിട്ടവര് മാറി നിന്നു.
അടുത്തതാര്? അവര് പരസ്പരം നോക്കി
അതാ ഒരു മനുഷ്യന് അലറി വിളിക്കുന്നു.
'പൊന്നു മോളേ. . . . പിണ്ണുകുഞ്ഞെന്നു നോക്കാതെ
നിന്നെയവര് പിച്ചിച്ചിന്തിയല്ലോ.
എന്റെ കുഞ്ഞേ.
ആ കുരച്ചിലും നിലച്ചു.

രണ്ടാമത്തെ കുഴിയും മണ്ണിട്ടു മുടി
മൂന്നാമത്തെ കുഴിയിലേക്കയാളു് എടുത്തു ചാടി!
'എന്നെ മണ്ണിട്ടു മുട്ടു.
ഈ കല്ലറയ്ക്കുള്ളിലെ അന്ധകാരത്തെക്കാളു്
ഭയാനകം പുറം ലോകം!!'

മഴയുടെ പ്രണയിനി

ഇത്രയൊക്കെ
 കരയാൻ മാത്രം
 മഴയേ നീ
 ആരെയാണ്
 പ്രണയിച്ചത് ?
 എന്റെ പ്രണയിനി
 നിങ്ങളുടെ യന്ത്രകൈ
 ഇടിച്ചു നിരത്തിയ
 കുന്നുകളും മലകളുമായിരുന്നു
 നിങ്ങളു് മലിനമാക്കിയത് പൂഴകളെയായിരുന്നു .
 എല്ലാം നിങ്ങളു് ഇഞ്ചിഞ്ചായി
 ഇല്ലാതാക്കിയില്ലേ
 പിന്നെ ഞാൻ എങ്ങനെ കരച്ചിലടക്കും?

नदी कहती है

प्रिय मानव,
 एक शा जमाने,
 खेलते थे बच्चे व पशु-पक्षियाँ
 मेरी अर्ध में।
 बढ़ते थे बच्चे और पशु-पक्षियाँ
 मेरी घाट पे !

लेकिन अब !
 सब कुछ सिर्फ थादें।
 मानव ने जन्म लिया धर्ती पर।
 अपनी इच्छाओं को पूरी करने के लिए
 इत्या कर रहे हैं
 मेरी ऐसी साधारण नदियों को।

अब कहा है
 वह हरी - भरी धर्ती ?
 अगर लगने यह सुना हो
 तो यह सच है,
 'नदियाँ ये रही हैं'।
 सेवा में लम्हारी बहन 'नदी'।
