The Golden Egg

The farmer decided to cut the goose and remove all the golden eggs from its stomach. As soon as they killed the bird and opened the goose's stomach, they found no eggs. The foolish farmer realized they had destroyed their last resource out of greed. Moral: Greed destroys your resource.

The Little Turtle

There was a little turtle.

He lived in a box.

He swam in a puddle.

He climbed on the
rocks.

He snapped at a
mosquito.

He snapped at a flea.

He snapped at a
minnow.

And he snapped at me.

He caught the mosquito.

He caught the flea.

He caught the minnow.

But he didn't catch me.

The problem. Racism in association football (soccer) is the abuse of players, officials, and fans because of their skin colour, nationality, or ethnicity. Some may also be targeted because of their association with an opposing team. However, there have been instances of individuals being targeted by their own fans.

NARCOTICS
ADDICTION

There is no doubt that drug abuse is still a huge problem in the United States today and has reached epidemic level proportions around the world with **247 million** drug users globally. In fact, an estimated 21 million Americans over 12 years of age have a substance abuse problem. In 2017, there were **70,237 deaths from drug overdose** in the US alone. These facts are devastating to the families who have been impacted.

To sum up, a hardworking person is resilient, driven, and disciplined, showing a consistent commitment to excellence in every task they undertake. Ultimately, their **hard work** is not defined by the number of hours they work, but by their passion, dedication, and the quality of their efforts. What is this?

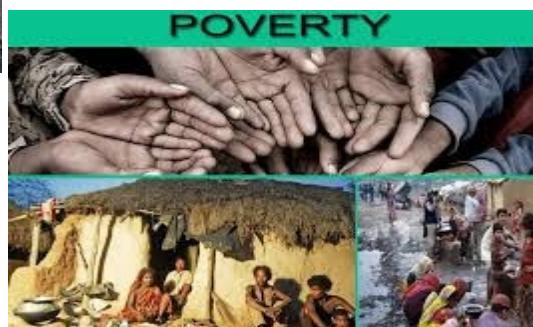

Pollution is the introduction of harmful materials into the environment. These harmful materials are called **pollutants**. Pollutants can be natural, such as volcanic ash. They can also be created by human activity, such as trash or runoff produced by factories. Pollutants damage the quality of air, water, and land.

Poverty is a state or condition in which one lacks the financial resources and essentials for a certain standard of living. Poverty can have diverse environmental, legal, social, economic, and political causes and effects.

Dreams are often about identity, because we're figuring out who we are and what we need, and the beliefs and perspectives we hold,” says Wallace. “If you feel unfulfilled, undervalued or not the person you want to be in waking life, your dreams will often reflect that

Cancer

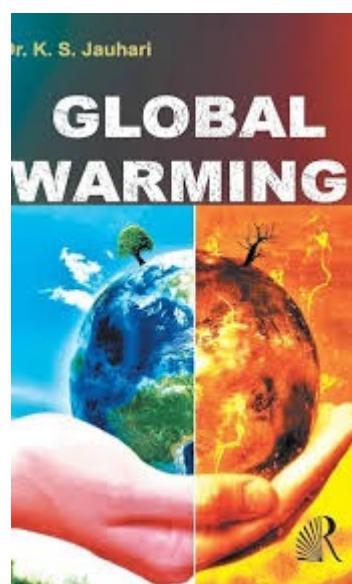

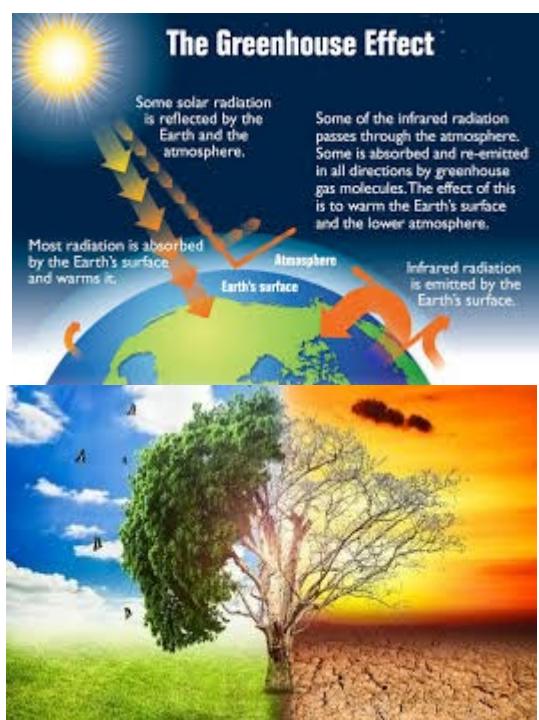

A term for diseases in which abnormal cells divide without control and can invade nearby tissues. Cancer cells can also spread to other parts of the body through the blood and lymph systems.

GLOBAL WARMING

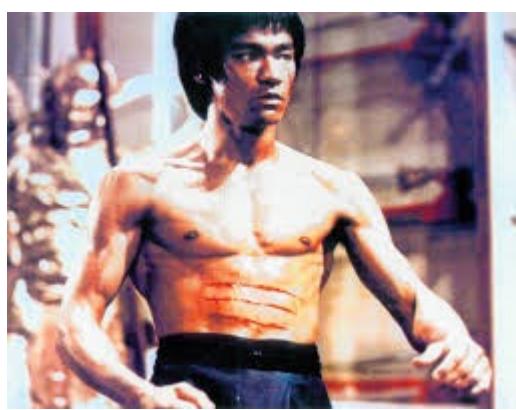

Global warming is the long-term warming of the planet's overall temperature. Though this warming trend has been going on for a long time, its pace has significantly increased in the last hundred years due to the burning of fossil fuels. As the human population has increased, so has the volume of fossil fuels burned.
