The Fallen Angel

My father, furious yet loving my dear Sun,
Even more than his mighty son son
he loved me the most

He gave me beauty, bold in its best

He gave me the life and light

The bold beauty to captivate even dark night

The palpitating pruness of mirth

They called me everlasting earth

Their jealousy burned me

No! It's my mad love that burned me

I wish I could go back to his bosom

I wish I could be that beautiful bosom

Oh They tore my heart apart

Oh! my sorrow for my hollow heart

These memories must go away

My heart looking for a way

To hide from these memories

I went away from my place, my parents.
For I couldn't stop my ^{youth} ~~young~~ that torments
to explore the beauty of adventure
No it wasn't my heart but the bold nature
The beautiful art
the love that took me apart
From my loved ones
To those evil ones.
They loved me at first
Their love was like a blast
At first I thought it would last
They broke me at last
I wish woefully if I could go back
At first I was taken aback
by ^{their} ~~my~~ love so I gave them life
But now I wish to take my life
At least to hide from these memories

Now look at me the light
has left me to this dark night
Where are my mighty sons my mountains
Where are my merry my fountains
Oh! how we lived so merrily
Until they came so swiftly
They stole my heart at first glance
But they stole my life by chance
At first they seemed so soft
But the darkness in them aloft
They treated me like a queen
No I was a queen
Was it a change of heart
Or was it a plan to tear me apart
They were growing so fast
And my merry was going fast
Can I hide from these memories

At first they threw plastic

No it was their heart that's plastic

Their love was hate

Their heart was soft and hard

The food they ate

It was my ka heart so hard

They started smoking

That made me choking

They were killing themselves

I wished I could kill myself

They were killing my grandsons

My beautiful fountain's sons

I tried to take her vengeance away

But she wanted to take her life away

She tried to kill them in flood

But I tried to save them with my blood

I want to run away from these memories

Once was a girl who loved me great
Her name I ^{can} could recollect as Greta
She loved me, she fought for me so much
But that wasn't as much
To save me from them
I couldn't destroy them
I could see some girls her age
In the madness of love they took drugs
I couldn't imagine my plants
Could turn into these horrid creatures
It started from a site
It began to eat them like a parasite
They started killing themselves
They started killing others by themselves
My green greeneries left
me my fountains left me
Can I hide from these memories?

Like an old woman.

I'm here at last

My daughter turned out to be human

They left me at last

They left me to this darkness so wild
Just like a human child

The way they ate

my beautiful fountains

They might have spread that hate

That's why my sapphire jewel left me.

I was left in solitude

There was no magnitude

For my meaningful melancholy

The life that was so holy

Was slowly lurching away.

Oh! I wish I could find a way

To hide from these memories

The fallen angel who stayed for love
was dying at last.

The one who was called endless
was now in pain so boundless

These humans they killed me

My children they broke me

My soul won't rest in peace

Because my heart is broken in peace

One small piece of my heart

Could make a new universe apart

Because I was true

Because my love was faithful and true

These memories slowly lurching

It's burning and writing

me in pain so pure

Because my mind is so pure

These shadows of memories burned me

into these shadows.
