വിഭാഗങ്ങൾ പ്രവർത്തനങ്ങൾ ഉർജ്ജാസ്വലമാക്കുന്നതിനാവശ്യമായ തരത്തിൽ സാമൂഹികമായി ഇടപെടലുകൾ പ്രവർത്താക്കുക.

From Roots to Wings: The Evolution of Silver Hills

Silver Hills is a place where students grow—in mind, character, and confidence. Every child who enters begins a journey of learning, reflection, and steady transformation. Here, education is rooted in values and guided by purpose. Lessons encourage thinking, challenges build resilience, and success is measured not just in marks, but in maturity.

The campus offers space to explore, question, and evolve. Supported by committed teachers and a caring community, students develop clarity, strength, and compassion. When they leave, they are ready—for life, for leadership, and for service.

This is Silver Hills—**A place of quiet change, lasting growth, and meaningful futures.**

A look back down memory lane offers luminous glimpses, each echoing a chapter of transformation

The First Bell: A Journey Begins

Poolakkadavu Road, which winds around a small, green hill, leads to **St Thomas Mount**, a spiritually significant site of the CMI Church. This serene hilltop, offering panoramic views of the **Poonoor River**, paddy fields, and coconut groves, became the birthplace of **Silver Hills School** in 1975. At a time when English-medium education was still uncommon in Kozhikode, the school was established under the leadership of **Fr Jacob Ceasarius**, the then Provincial of the St Thomas CMI Province.

The erstwhile **St. Thomas Press** building was repurposed to house a new school. Classrooms were initially created using screens, and the building was equipped with essential facilities such as **furniture and toilets**. The **ground floor** of the press served as the **boarding house** which was managed by a group of dedicated **sisters**.

When it was time to name the school, many individuals contributed their suggestions. Among them were **Karunettan**, who worked at the Provincial House, **Amalapuri**, **Br Joseph Mukakel**, **Br Mathew Edakara**, and other key figures. After much thought and discussion, they finally settled on the name **Silver Hills School**. Interestingly, the location, Vellimadukunnu had once been referred to as **Silver Hills** by the colonial British, and the new name seems to be a transformative play on that.

After his ordination, **Brother Edakkara** stayed at the **Provincial House**, where he was teaching aspirants. He played a major role in preparing the school: bringing **furniture, stationery**, and even items like a **clock**, an **almirah**, and a **metal plate** and **wooden gong** to serve as the school bell. T O Francis who later came to be known fondly as Francis chettann was appointed as the school peon. A printed notice announcing the opening of the school was created by **Karunettan of Amalapuri**, and it was distributed to the community to spread the word.

The opening of the school was initially planned for June 15, 1975, but due to various logistical challenges, the date was postponed to July 1, 1975. With limited resources but endless determination, the school opened with just 70 students and 7 staff. It was a modest start, but one fuelled by immense ambition. Students were admitted to Classes 1 and 5. The **first student to enrol** at the school was **Don Bosco**, who joined **Class 5**.

Under the leadership of the first principal, Joseph Dominic, Silver Hills quickly grew, introducing the CBSE curriculum and expanding its offerings. The early team included dedicated sisters from the Sisters of the Adoration of the Blessed Sacrament (SABS) Convent and the Congregation of the Mother of Carmel (CMC). The early team included dedicated sisters from the Sisters of the Adoration of the Blessed Sacrament (SABS) Convent and the Congregation of the Mother of Carmel (CMC). They were **Sr Lily Maria (FCC Malaparamba), Sr K T Theresa, Sr Annie (SABS), and Sr Little Mary (FCC)** (along with committed non-teaching staff members **Francis Chettan** and **Lily**).

The boarding arrangements in the early years of Silver Hills were thoughtfully organised. Girls were accommodated in a **boarding facility run by the Adoration Convent**, with **Sr Philo** serving as the warden. Girls and small boys up to age 10 were accommodated in a **boarding facility run by the Adoration Convent**, with **Sr Ancitta, Sr. Vimala who also taught in the school, and Sr Nidheeri** serving as the earlier wardens. For the boys, a separate boarding was set up on the school premises. The boys' hostel was overseen by **Mammy**, a **retired Anglo-Indian lady** who had previously served as **Superintendent of Bala Bhavan, Kozhikode**.

The school's first **PTA President** was **Adv Ramakrishnan**, who played a key role in building strong parent-school relationships from the outset. At a time when such facilities were rare, **we were the only school in the area to provide private conveyance- a Matador van with registration number KLZ 1098**, driven by Thomas Chettan.

Mr Dominic ensured that the school's educational standards were set high from the very beginning. Starting with Standards I and V, the school slowly began to expand its curriculum, introducing additional classes over time, including Standards II and VII, to meet the demands of an ever-growing student body. The decision to adopt the CBSE curriculum was a significant one, as it positioned Silver Hills English School as a forward-thinking institution, focused on providing a modern, nationally recognised education.

However, the rapid expansion also brought challenges, especially when it came to meeting the infrastructure requirements necessary for accreditation by the Central Board of Secondary Education (CBSE). The constraints of the St Thomas Mount premises became increasingly apparent, as the space was no longer adequate to accommodate the expanding number of students and the need for specialized classrooms, ground, and other facilities that were essential for gaining full accreditation.

Becoming Silver Hills

The period from **1976 to 1979** was marked by significant firsts under the leadership of **Fr Columbus** aided by **Eli Varkey Ma'am**, who had retired from Providence School. The school celebrated its **first Annual Day on 26 February 1977**, inaugurated by **Calicut DYSP M K Lakshmana**. In 1977 the school had Classes 1, 2, 3, 5, 6 and 7 carried out the responsibilities

It took nearly a year to complete the new building at Paroppady. **Bishop Fr Sebastian Valloppilly** blessed the new school building on 21 March 1978. It had two floor for classrooms and the third floor was under construction. That year the Annual Day was conducted in the front courtyard of the L shaped building. The new academic year, 1978-79 began on this new campus on 1 June. Classes from Grade 1 to 8 were now being held in the building, which also housed the dormitory and study hall. To the east of the main structure stood a makeshift shed—originally built from coconut timber with a tiled roof—that served as the kitchen and mess hall. In the new building resided Br Columbus, Brother Edakara and Br Thoppil. Fr Columbus was the principal, the other two were in charge of the Boarding.

The historic move to Paroppady was more than just a relocation, it was a leap toward a brighter, more expansive future. The new campus provided the space needed for Silver Hills to meet CBSE infrastructure requirements and truly elevate its academic standing. Remarkably, by the very next year, 1979, the school was upgraded to a high school, offering classes from Standards I to IX.

The academic year of 1979 began under the stewardship of a new leader, **Fr Isiodore M Vadakken**—an experienced priest and academician whose vision and expertise steered the school forward. It was during this transformative period that the school achieved CBSE affiliation, a milestone made possible by the relentless efforts of Fr Columbus, Fr Job Myladiyil, Fr Sebastian Poonoly, and **Mr John K John, the then PTA President**. The trials, sacrifices, and unwavering commitment that shaped the institution in its formative years remain etched in its legacy—never to be forgotten or diminished.

Around this time, the institution began to be known by the name **Silver Hills English High School**. It was in 1981 that students from our school appeared for the CBSE public examination for the very first time. The examination centre was **Kendriya Vidyalaya**, in East Hill. A total of **11 students** from our school wrote the exam—**10 boys and a lone girl**. Among them, **Mathew T P** secured the highest marks and was awarded the prestigious Koyappathodi **Memorial Gold Medal** for academic excellence. In March 1981 Fr Isiodore and Eli Varkey Ma'am retired from the school

From 1981 to 1985, Fr Mathew Edakkara CMI served as the fourth Principal of the school. The unwavering support and blessings of **Fr Sebastian Poonoly**, who assumed charge as Provincial in 1981, and the service of **Mr John K John**, PTA President, greatly contributed to the growth and progress of our institution. Fr Edakkara firmly believed that “*whoever loves discipline, loves knowledge.*” The academic excellence and co-curricular development achieved during his tenure were truly commendable and bear testimony to this dynamic system builder. He also fostered a strong and healthy relationship with the Parent-Teacher Association.

During the Kerala Piravi Jubilee year (1981), our school participated in a **School Route March**, which featured 30 schools. **We secured the first prize**, marking the school's very first recognition in a public event—a proud and promising beginning.

In the same year, **Joe K Thomas**, a student of our school, **broke the state record the State Mini Athletic Meet in shot put** and won the **first position**. That very year, **the school's first**

magazine was released and launched by none other than the doyen of Malayalam literature, **S K Pottekkatt**—a moment of pride and literary distinction

During the tenure of Fr Mathew Edakkara, hostel facility was established, catering to students from distant locations. What are now the bustling classrooms of Grades 8 and 9 once served as the rooms of the school hostel. Br Thomas Theneth, Br Thomas Purappanthanam, Br Philip Kollithanam, Br Mathew Maniamprayil and Br Mathew Kalarikkal rendered their services as boarding masters in the subsequent years.

Extracurricular activities became a hallmark of Silver Hills during this period. In 1983, the school made its debut at the prestigious School Kalolsavam, a cultural competition uniting schools across the region. The impact was immediate—Silver Hills quickly rose to prominence, dominating the Chevayur sub-district with victories in music, dance, drama, and more. This wasn't just a flash in the pan; it became tradition. Year after year, Silver Hills clinched the overall championship, proving that talent and creativity thrived alongside academic excellence.

It was during the tenure of Fr. Edakkara that the school emblem was designed by the artist Babu Joseph. The idea for the school motto was conceived by Fr Edakkara himself. The English version we use today, **"Strive and Succeed,"** was the result of a translation by Br George Padanammakkal.

The front courtyard of the school was paved, and the road leading to the campus was tarred. A football ground was also constructed. During the managership of Fr. Mathew Panthiruvelil, the auditorium on the third floor was completed in 1985.

A Thoughtful Transition: The Move from CBSE to SSLC

It was also towards the end of this period that **the CBSE syllabus had to be discontinued**. The primary reason was the growing disadvantage CBSE students faced while competing for pre-degree admissions, especially in comparison with students from the Kerala state syllabus. Many students studied at our school until Class 9 and then transferred elsewhere. In 1983, **only two students from our school appeared for the public examination.**

Recognizing this academic gap, the management, supported by the PTA and other well-wishers of the school decided to **phase out the CBSE curriculum** and adopt the **Kerala State syllabus** instead. In 1984, the school received formal recognition, and by 1986, our **first SSLC batch** appeared for the board exam. Among them, a student named **Rajashekha Varma** secured the **7th rank** in the state—an incredible milestone that boosted morale and confidence in the new academic path. In the years that followed, numerous students from our school consistently ranked among the **top 15 positions** in the SSLC examinations—establishing a legacy of academic brilliance.

The shift from the CBSE to the mainstream **Kerala State syllabus** necessitated the appointment of a new headmaster Mr T P Nedungadi (1985 to 1988). He worked in close coordination with Rev Fr Joseph Mundakkal, the newly appointed Manager, ensuring a smooth transition and effective leadership. During this period, the administrative block—now housing the school library—was also completed.

The Dawn of Senior Secondary Excellence Affiliation for The Plus Two Stream

In 2002, the school received affiliation for the Plus Two stream—a major milestone that made Silver Hills the **first unaided school in the city** to offer higher secondary education. The first Plus One Biology batch was launched that year. Well-equipped laboratories for **Physics, Chemistry, Zoology, and Botany** were built and became functional on **August 5**, giving students valuable hands-on learning experiences. Of the 28 years who wrote the exam, 22 of them passed with distinction. The **library system was computerized**, and **photocopying facilities** were provided for staff use. A **modern seminar hall** was also developed during this time. Later, in 2006 the Computer Science stream was added.

Under the leadership of **Principal Fr Jose Kadookunnel**, the **Jubilee Memorial building** transitioned into a dedicated space for the **Higher Secondary Section**, prompting a **name change** that solidified the school's identity as **Silver Hills Higher Secondary School**.

No more ranks, sports gets off to a sprinting start, and the LP section is back again

Fr Jacob John Moorikunnel served as Principal in 2004–05. During this time, the SSLC exam moved from a rank system to a grade-based system. Fr Jacob John Murikkunnel and Manager Fr Chacko Illiparambil firmly believed that true education nurtures the body and soul, not just the mind. They gave importance to sports and began providing regular coaching, especially in basketball.

The commitment towards nurturing young minds continued with the efforts of **Rev Fr George Punchayil** and manager **Fr Joswin Thundathil** who reintroduced the **Lower Primary wing** in **2006**. The school was brought under the unaided sector and received NCC (National Cadet Corps) approval, helping to build patriotism, discipline, and leadership in students.

COMMUNITY EXTENSION PROGRAMMES

Bharat Scouts and Guides

Silver Hills Higher Secondary School continues to uphold its motto of service through impactful student-led initiatives. The Bharat Scouts and Guides (BSG) unit has shown remarkable growth since the Scout Unit began in 2015 and the Guide Units in 2021. In 2023, we hosted a **Parade Training Programme** under the leadership of **Colonel Naveen Benjt** and **Lance Naik Aneesh**, in which Scouts, Guides, and Junior Red Cross members underwent rigorous training in marching drills and ceremonial protocol. For many students, this was their first encounter with the discipline, focus, and coordination required in military-style formations. In 2024–25, 18 students earned the prestigious Rajyapuraskar Award, marking a milestone in the school's Golden Jubilee year. Students also made their mark at national and state-level events, including the Golden Diamond National Jamboree in Trichy (January 2025),

the 23rd Kerala State Camporee in Kottakkal (December 2024), and level-based training camps like Dwitiya Sopan and Tritiya Sopan. Additional achievements included Niharika Ranjith's state-level win at the 'Skillorema' competition and a cash award for the school as Kerala's most active BSG unit in 2024.

Junior Red Cross

The Junior Red Cross, active since 2005, played a vital role in health and humanitarian awareness through seminars, patriotic observances, and large-scale volunteering. From 2023 onwards, students underwent parade training under army officials, participated in food campaigns like 'Padheyam', and contributed to initiatives such as the JOTA-JOTI global exchange and visits to Santhvanam and orphanages during Christmas. Environmental and health education were emphasised through collaborations with the Suchitwa Mission and MIMS Hospital, particularly during World Environment Day and Anti-Drug Day in 2024. The Henry Durant Quiz Programme, held in 2024, challenged students to expand their knowledge of global humanitarian values

National Green Corps

At Silver Hills Higher Secondary School, sustainability forms the core of educational practice. The Trail Eco Club drives this ethos through an integrated platform comprising the National Green Corps, Kerala Biodiversity Board, and Forestry Club, among others. Since 2019, the club has championed a range of impactful initiatives — from the Solar Ambassador Programme with IIT Mumbai and seed ball distribution at the State Kalolsavam, to agricultural immersion through Padam Onnu Paadathilekku. Campaigns such as Love Plastic, the Plastic Dairy Survey (June 1–7, 2019), and the Amma Maram Project have inspired student engagement and environmental responsibility. Creative endeavours like the Green Idea Box and Pen Drive initiative have turned everyday practices into avenues of ecological awareness. The school's pioneering efforts have earned it a series of recognitions, including the Haritha Jyothi Award (2019–20), Plastic Tide Turner Champions (2020–21), Sreshta Haritha Vidyalayam Award (2021–22), the WWF Mission Award (2022–23), and the Haritha Vidyalayam Awards in 2023 and 2024.

Science Outreach

Silver Hills also maintains a dynamic presence in national-level science outreach. Since 2013, over 20 students have distinguished themselves at the Children's Science Congress (CSC) through research projects that address real-world challenges in climate, biodiversity, and agriculture. Notable among them are "Kaalangal Katha Parayumbol" (2013–14) and "King of Spices" (2016–17), each reflecting scientific rigour and relevance. The school's environmental leadership culminated in the WWF Mission Prakriti Award (2022–23), following a field-based biodiversity mapping of wetlands in Chaliyam and Kotooli. During April and May 2022, 59 students took part in the Tide Turners Plastic Challenge, successfully completing all levels under the mentorship of Mr Benoy Joseph, and securing the Champions Award. Through these collective endeavours, Silver Hills continues to nurture responsible thinkers equipped to lead with environmental insight and civic resolve.

National Service Scheme (NSS)

In 2015 Rev Dr Biju John Vellakada introduced the National Service Scheme (NSS) in Silver Hills entrusting the responsibility of the Programme Officer on Mr Nirmal Kumar. Over the past decade, this dedicated group of volunteers has become a powerful force for positive change within our community. They visit children with disabilities, kindling a spark of independence with each meeting. Self-reliance is furthered by providing sewing machines, chickens and coops to empower deprived families.

The reach of NSS extends far beyond our immediate surroundings. Each year, significant donations of money and medicine flow to palliative care centres, offering a lifeline to those facing challenges. In times of crisis, such as the landslides and floods of 2018 and 2019, NSS volunteers were at the forefront of relief efforts, offering hope and solace to devastated families. The dedication serves as an inspiration to all, demonstrating the transformative power of compassion and service. Over a span of 10 years, the NSS unit, in collaboration with the PTA, constructed homes for four families. During this period, more than 500 students became NSS volunteers and were awarded NSS certificates along The journey of our NSS unit continues its prestigious expedition under the leadership of Principal Fr John Mannarathara, Academic Coordinator Mr Sasilal P K, and Mr Nirmal Kumar, supported by a vibrant team of students and staff.

Kalolsavam

The Kerala State Youth Festival, also known as *Kalolsavam*, began in **1956-57** as the School *Yuvajanolsavam*, the vision of Dr C S Venkiteswaran, inspired by a Delhi inter-university fest. The inaugural event was modest—with just 200 participants—but quickly grew into a cultural juggernaut, thanks to sustained support from the government and schools. By **1975**, the inclusion of Kerala's classical art forms such as *Mohiniyattam*, *Kathakali music*, and *Aksharaslokam* anchored the festival in the state's cultural heritage. Landmark additions like the **Kalathilakam** and **Kalaprathibha** titles in **1986**, and the opulent **Golden Cup**, crafted from 117.5 sovereigns of gold, was introduced in the late 1980s, brought prestige and fierce district-level pride to the celebration. In **2000**, the *Millennium Trophy* with a Nataraja icon was added..

However, in **2006**, the Kalathilakam and Kalaprathibha titles were discontinued to foster a more balanced competitive. With the launch of its official website in **2009** and expansion to include higher secondary and VHSE students, the festival widened its scope, offering more students a platform to shine. Held annually between **December and January**, the Kalolsavam now hosts over **10,000 participants**, making it one of **Asia's largest school arts festivals**. From classical and folk dance to literary and visual arts, the event offers young artists a powerful springboard—many of today's cultural icons had their first big break here. From its humble origins in 1956 to its monumental scale in the 2020s, the Kalolsavam continues to shape Kerala's cultural narrative year after year.

Since our modest Kalolsavam origins in 1984, our students have initiated a journey of individual excellence, laying the foundation for a legacy of triumph. As years unfolded, Silver Hills firmly imprinted its mark on the Chevayur Sub District lifting the Trophy since 1998. With dedication and resolve, we elevated our stature, seizing the coveted Calicut District Overall Trophy. It was in the dawn of 2002 that we ventured into the realm of HSS Category, heralding our arrival with a resounding State-level first place in Mohiniyattam. Since our foray into this cultural extravaganza, we have ascended to the summit of statewide dominance, clinching the title of Overall Champions on multiple occasions. Thrice crowned with the accolades for the Best School (State level) in 2003, 2005, 2010, our school reigns supreme as the unrivalled beacon of excellence in the Kerala State Kalolsavam.

Showcasing our dedication to fostering cultural expression, our school proudly hosted the sub-district Kalolsavam in 2005 and 2009. The indelible contributions of Fr Johnny Kanjirathinkal, our former Principal, and the school PTA over the years in propelling our school to the summit of excellence in the State Kalolsavam remains etched in our memories. Today, we stand tall among the select few schools in the state, adorned with a plethora of medals, a testament to the unending dedication of our staff and unyielding perseverance of our students, who continue to elevate our alma mater to unparalleled heights of excellence.

Sports

The sporting endeavours of Silver Hills have commanded widespread attention. Often in the quiet stillness of the early morning, training sessions began long before the campus stirred to life. These disciplined dawn routines laid the groundwork for a structured and resilient sports culture. While most schools were still waking up, Silver Hills was already chasing its dreams—one determined step at a time. The blend of relentless training and top-notch facilities have firmly established the school as a remarkable presence in the sporting fields.

The arrival of Mr Jose Sebastian, a passionate physical education teacher in 2004, during the tenure of Fr Jacob John Murikkunnel, marked a golden era in sports. In 2006, a pivotal moment arrived when, despite winning the sub-district athletics championship, the school was unexpectedly directed to bypass it and compete directly at the educational district level. Undeterred by the challenge, Silver Hills rose to the occasion, securing **runner-up positions for three consecutive years**. Eventually, the school was reinstated into the sub-district competitions—and from that moment on, **the title of Chevayur Sub-District Champions has remained with Silver Hills for an unbroken 14 years**, a record that continues to stand tall and proud.

Our students are active in the realms of basketball, football, athletics, badminton, roller-skating and others. Our illustrious alumni in the field of sports include Olympian athlete, Noah Nirmal Tom, Deputy Commanding Officer of the Indian Coast Guard, Ferah T P, Indian netball player Aiswarya P K, Indian badminton player Aravind V Suresh, and Indian roller-skating player, Pooja P N, international chess player, Meghna C H and several others.

The achievements of our students stand as evidence of their commitment and hard work. With a fourth-place finish in the International Chess Player category under 10, victories in the Asian Youth, Commonwealth and World Youth chess championships, they have proven

themselves as formidable competitors. (**Meghna C H (2013–14)**: Represented India at the World Youth Chess Championship (Dubai).

Our students claimed national titles in speed ball and netball. (**Akla P A: 2nd place, National Netball Championship, 2019–20**). They have triumphed in athletics championships (Noah Nirmal Tom made global headlines by breaking the Asian record in the 4x400m relay at the 2020 Tokyo Olympics and setting the national record at the 2019 World Athletics Championships). They have excelled in badminton too (**Aravind V Suresh**: Gold in National Badminton Championship, **2016–17**)

Other noteworthy feats also include clinching victories in Atya Patya Championship (2019–20), participating in national level volleyball championships (2012–13) and dominating in roller skating competitions both nationally (2009–10), and internationally (2013–14). Their skill extends to boxing and with victories at State (2022–23) and shooting also national levels (2007–08). Our sporting journey has blossomed into a lodestar of success, illuminating the path for players and fans alike. With over 400 national players and 500 state players, Silver Hills's legacy continues to shine bright, contributing to our Nation's sporting pride.

Basketball

Basketball reigns as the flagship sport of Silver Hills, captivating both players and spectators alike with its exhilarating pace and electrifying atmosphere. A pivotal moment for basketball enthusiasts unfolded with the introduction of fiberboards on our court, guided by Fr Mathew Edakkara. The tireless efforts of Jose Sebastian and basketball coach Harikrishnan' shaped a team that gradually began to make waves.

The inception of the Silver Hills Trophy in **2005** changed Malabar's basketball history. Under the stewardship of Fr George Punchayil, the tournament adopted a knockout format, attracting 12 boys' and girls' teams across Kerala. Over the years, this tournament has evolved into Kerala's premier school-level Basketball event, transitioning to a league cum knockout format. By 2009, it had grown beyond the district level, welcoming teams from across Kerala and solidifying its reputation as a premier basketball event in the state.

The tournament, initially called the **Silver Trophy**, began drawing attention, eventually rebranding into the **All Kerala Inter-School Basketball Tournament**.

The foresight of Fr Johny Kanjirathinkal saw the tournament shift to our indoor court in **2012**. In **2018**, under the guidance of Rev Dr Biju John Vellakada, the tournament was elevated to the **South India Inter-School Basketball Tournament**, welcoming teams from Karnataka and Tamil Nadu. With every year, the event saw greater participation, fierce competition, and unforgettable moments.

The exposure offered by the Silver Trophy not only bolstered our students' confidence and opened doors to countless opportunities. Many Silverites have excelled at the State and National levels, embodying the sportsmanship instilled within them by the school. Our school was honoured as the **Best School in Kerala at the Reliance Foundation Junior NBA Programme 2017–18**, and Mr Jose Sebastian, our faculty, was named **the Best Physical**

Education Teacher. In 2013, our school made waves by clinching victory in **the 15th All Kerala Inter School Tournament**.

The most defining moment arrived in **2024**, during the school's **Golden Jubilee**, when **Fr John Mannarathara CMI and Fr Augustine Mathew as manager** led the tournament to national prominence. Rebranded as the **All India Inter-School Basketball Tournament**, it brought elite teams from across the country, transforming Silver Hills into a celebrated hub of school-level basketball.

With sleeves rolled up, we also gradually established a girls' team that went on to achieve laurels nationally.

Over the past eight years, our athletic dominance has extended across various age groups and championships, including the Sub Junior, Junior, and District Youth Championships. Notably, we made history as the sole unaided school to secure a **sports fund**, otherwise reserved for government and aided institutions.

Silver Hills continues to leave its imprint in state and national level competitions in basketball, with our teams consistently showcasing exceptional skill and teamwork, adding to our saga of sporting excellence.
