'Stately beginning of my life'

From birth up to my death,
the trouble end is my stately beginning.
The blithely tune of beginning,
makes a rapture in my mind.

A new lease of life for me is a;
new beginning from the death.
That death makes me glee;
because it gave to me this sparkling life.

When everyone does a duty as much as faster;
I will be feel calm to do it,
that in everyone's end of that duty,
I want to begin it with miraculous dedication.

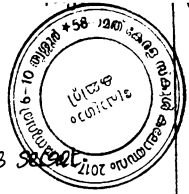

At the end of my life,
the death will come to love me.
When it loved me alot;
It will took me along with it.

When death wose me as a-
feather on one of its wings;
Everyone who loved and who make me a fool,
could say; Oh! What a pity.

At that time my soul will be pleasant,
because in the end of my life,
those who are strangers and enemies;
began to love me as a part of their life.

At the end of a thread,
we can tie a new thread along with it;
to make it bigger.

This is the way of everyone's life, it remains

Never start a new phase of life,
from the flooping of the audenced tone of anyone.
We are not eligible to take it.
while we can make it a part of our life.

From the end of a demasked life,
we can start a new beginning;
because along with the end of that life;
the secrets of the door of glee was also opened.

Always think about this fact;
Never forget this fact;
the fact is, we can begin from the end,
but the stately begging will only remains as twinkling.

My beginning is from the end,
because the beginning of my life
is from the fullstop of one's life.
I don't know whether, who put that fullstop.

At the end of my past,
I think about my present;
At the end of my present, I think about my future;
At the end of my future, one mouth opened to me -
with the howling of death
I could never enter it

because I know that at that end, my beginning remains."
