Dreams

-Belna Biju, IX A

We all dream night or day

Wondering in another world

New people, new life

It dreams with a reason

And ends with a feel

It is such a wonder to dream

This is a sign about our future

I find peace in my dreams

A place where I find peace, away from

Feels like standing in the middle of
heaven and hell
Cause we can see better or worse, it's
up to your mind
I dream time to time
Climbing, Jumping, Running over the
jungle
Frightening but it was awesome
The screeching of parrots, rustling of
leaves.
Waking up from the dream is like
A second chance to live
We all dream night or day
Wondering in another world.

In Search of a Perfect Planet

-Benita Benley, X A

Yo-Yo was an alien. His favourite hobby is to visit other planets in the universe and enjoy its beauty. His favourite planet was 'The Earth'. He visited earth several years ago. Now he wanted to visit earth again.

While he was travelling to earth, he was dreaming about the last earth journey. How wonderful and memorable it was. The rivers, the valleys, the snow-capped mountains, beautiful flowers crystal clear water, fresh oxygen and friendly human beings! By the time yo-yo reached earth, he couldn't believe his eyes!

"Have I reached a wrong planet?" - Yo-yo asked to himself.

"No, I'm in the right place but the earth has changed".

He was disappointed to see the condition of the earth. The fresh water had dried up and the oxygen has been polluted. The amount of carbon dioxide increased. The friendly humans turned into selfish ones. Yo-Yo was walking sadly through a silent road. He met a girl on the way.

Her name was Charlotte. Charlotte was scared of seeing Yo-Yo. Later she understood that he is not at all dangerous. Soon they became good friends.

"Why are you polluting the earth?" Yo-Yo asked Charlotte.

“I’m not polluting the Earth”. replied Charlotte.

“If you are not, then why don’t you correct the people those who are polluting earth”. Said Yo-Yo.

“Are you mad? Am I’ gonna correct the people.I’m just a small kid and what can I do? There are many organizations which are trying to keep earth sustainable. After all, you are not a human being and why are you worrying about us”. Said Charlotte.

Yo-Yo didn’t say a word in reply. He took Charlotte in his space ship to his planet. Yo-Yo gave her a space-suit too. Charlotte enjoyed the trip. When they reached Yo-Yo’s planet she can’t believe her eyes. She felt that she was in a magical wonderland. Yo-Yo’s planet was full of magic. She enjoyed very much. After some time Charlotte was very thirsty. She asked Yo-Yo for some water. Yo-Yo said that, there is no such thing in his planets.Because the aliens don’t feel hunger or thirst.

Suddenly, Charalotte noticed that the oxygen level in her oxygen tank which was attached to her space-suit began to decrease. She struggled to keep herself alive.

She begged Yo-Yo to bring her back to earth. He did as she told. Now Charalotte is back to earth. She is too happy to reach earth. Now she understood a lesson that there is no perfect planet like earth in the whole universe. From that day onwards she took initiative in keeping earth green. By seeing Charlotte many children appreciated her good deed and they too decided to save the earth. Now earth has got it's natural beauty once again. Now Yo-Yo is happy too, to visit and enjoy the earth's beauty again.

St. Thomas: Our own Apostle

-Aгна Rose A

Touching the nail holes of Jesus, Thomas leaned into the bosom of that loving Lord crying, “My Lord, MyGod”.

The saint Thomas was one of Jesus’ own disciples. Jesus gave the principle of “Blessed are those who believe without seeing” through his disciple St. Thomas.

Do we believe that Lord will take care of us even if our lives are tossed about by the turbulent waves? If there is sincere faith, the Lord will prepare a person and transform him into a new creation. Following the command of Jesus, to bring the light of faith that started from the Jerusalem to the whole world, St. Thomas came to India and built seven churches and led India to faith. Apostle means ‘the one who is sent’. Jesus is the way, the truth, and the life, and it gives us power of hope.

We must grow in the path of St. Thomas. Let us try to

get to know this saint who was sent by God and led the people from darkness to light. Birth of St. Thomas was in Galilee in Judea. He was born in a humble house.

The word Thomas means "twin". In greek, this word means 'Didymus'. That is why he is called by this name in John's Gospel. The courage to stick with Jesus in any situation, even if it is doubtful, is especially remarkable. That courage and faith is something we should model in our lives. St. Thomas founded seven churches: Kodungallur, Palayur, Paravur, Niranam, Kokkamangalam, Nilakkal and Kollam. Among these the Palayur pilgrimage center is the pride of people of Kerala.

Once in a year, thousands of people walk to that church, filled with the spirit of faith imparted by St. Thomas. In the same way, we are also familiar with climbing the Malayatur Mountain, crossing the thorn and stone, carrying the cross to see the footsteps of St. Thomas. Apostle continues to burn in the hearts of all of us.

That beacon of faith had many enemies. Filled with the love of Jesus in the heart and pouring out Jesus to the world, when the arrow of the enemy pierced the chest is the memory of receiving a new testimony of faith in Jesus through His blood that rains incessantly on Dukrana. It is the festival of our father who gave birth in faith and sacrificed his own blood on the soil of India for that. When the news of Lazarus's death, reached the Lord, when Jesus was about to leave, St. Thomas said:

“Let us also go to die with him”. How many of us have the courage to die with Jesus? How many of us are searching for Jesus like Thomas in the depths of our hearts? How beautiful! St. Thomas said while standing before the eucharist, “My Lord, My God”. Let the words “O

Missing School Life

-Ahalya P.S., IX

When we reach success through education unparted by teachers. We don't even thank them for teaching us. This is a poem discussing about missing school in our future life.

School life may see eternal
But once its finished, it feels ephemeral
The classrooms teachers and friends
All of school is efferveseent
Teacher punish us for not learning
But we don't realize its for own earning
Most of us hate doing homeworks and assignments
And we love playing, cause its entrtraining.
All of this

All of this Makes our future concerning
Nevertheless, we will all miss the felicity of school
Then we think, we were all foolish
Just like you miss someone when they go away
Youll shall also miss school, when it goes away
Remember, education helps you
to reach the zenith of your life
Never forget your teachers,
when you are at the zenith.

LION KING

-Lysandra Paul P., VIII C

The lion king, the lovable man
You are an impressive man
You have an open mind, I say
You are very naive, I think
You are very elegant, I suppose
You are the LEGEND in football.

What a Miraculous man! people wonder
What an empathetic man! people say
Yes, he is smarter than people think
Yes, he is sincere than people believe
He is too inspirational to all of us.
He is a LION to the world
But He is the MESSIAH to me...

പേരിടാത്ത കുട്ടി -ലേന ജോബി

പൊക്കിൾകൊടി അറ്റു വീണ
മുറിവുണങ്ങാതെ
ഒരു കുഞ്ഞു് യാത്രയാകുമ്പോൾ
നഷ്ടം അമ്മയുടേതാണ്
വേദന അമ്മയുടേത് മാത്രമാണ്
ആ പ്രാണ വേദന അകലാതെ ഒരിക്കലും
എന്നിലാകെ നിറയാനാണ് പ്രാർത്ഥന
എന്തെന്നാൽ പേരില്ലാത്ത കുഞ്ഞേ
എന്റെ ഹൃദയത്തിൽ ഏറ്റ
ആ മുറിവ് മാത്രമാണ്
നീ വന്നു പോയതിനുള്ള
ഒരേയൊരു സ്തോരകം
