M.T.D.M.H.S.S MALLOR

The cell is the basic structural, functional, and biological unit of all known organisms. A cell is the smallest unit of life. Cells are often called the "building blocks of life". The study of cells is called cell biology or cellular biology.

Cells consist of cytoplasm enclosed within a membrane, which contains many biomolecules such as proteins and nucleic acids. Organisms can be classified as unicellular (consisting of a single cell; including bacteria) or multicellular (including plants and animals). The number of cells in plants and animals varies from species to species, it has been estimated that humans contain somewhere around 40 trillion (4×10^{13}) cells. Most plant and animal cells are visible only under a microscope, with dimensions between 1 and 100 micrometres.

കുഞ്ഞിരിക്കിലിയേ..

കുഞ്ഞിരിക്കിലിയേ കൂടെവിടെ ?

കുഞ്ഞിച്ചിറകിൻ നിറമേത് ?

കുന്നിനു മീതെ പറന്നാലോ

കുമാട്ടിക്കളി കാണാലോ !

കുഞ്ഞിക്കാറ്റിൻ കുളിരലകൾ

കുറുമ്പു കാട്ടും പകലുകളിൽ

കുട്ടികളൊന്നു ഞൊടിക്കുമ്പോൾ

കൂട്ടരുമൊത്തിങ്ങേത്താമോ?

A Prayer
in Spring

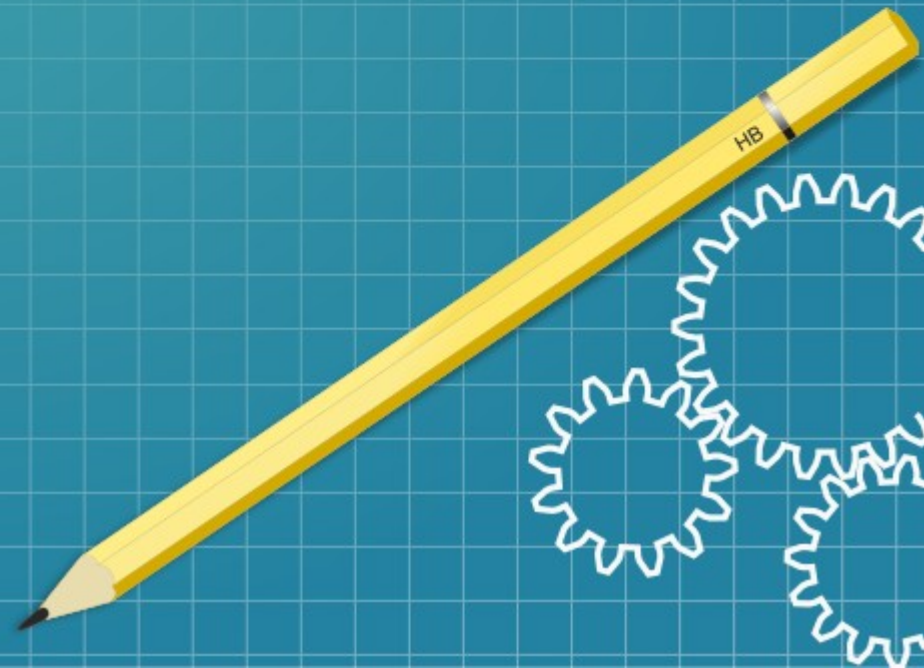

Oh give us pleasure
in the flowers to day
and give us not to
think so far away As
the uncertain
harvest keep us
here all simply in
the springing of the
year

- Oh give us pleasure in the orchard white
like nothing else by day like ghosts by night
and make us happy in the happy bees the
swarm dilating round the prefect trees
- And make us happy in the darting bird that
suddenly above the bees is heard the
meteor that thrusts in with needle bill and
off a blossom in mid air stands still

- For this love and nothing else is love
The which it is reserved for God above
To sanctify to what far ends He will But
which it only needs that we ful fill

ENGLISH LANGUAGE

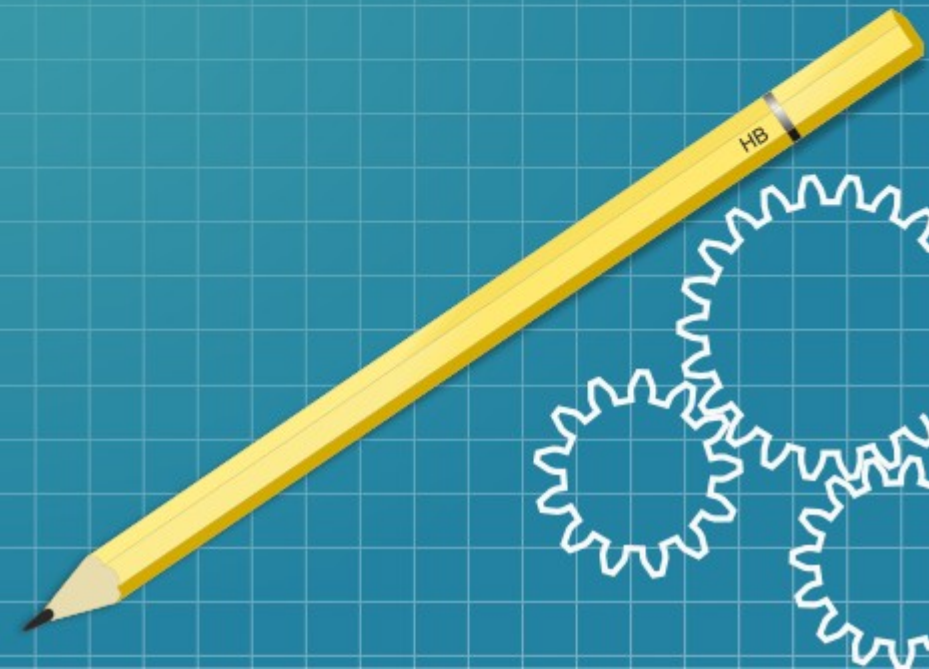

The English Language is Nobody's property.

It is the imagination. It is the property of the language itself!

Never stop learning because life never stops teaching.

HEARTEST FRIENDSHIP

My dear sue,

My heart brims with boundless gratitude and joy when I think of you my friend , Who made the hailstorms in my life pass without causing me any harm . You were my pillar of strength through the harrowing times I went through.

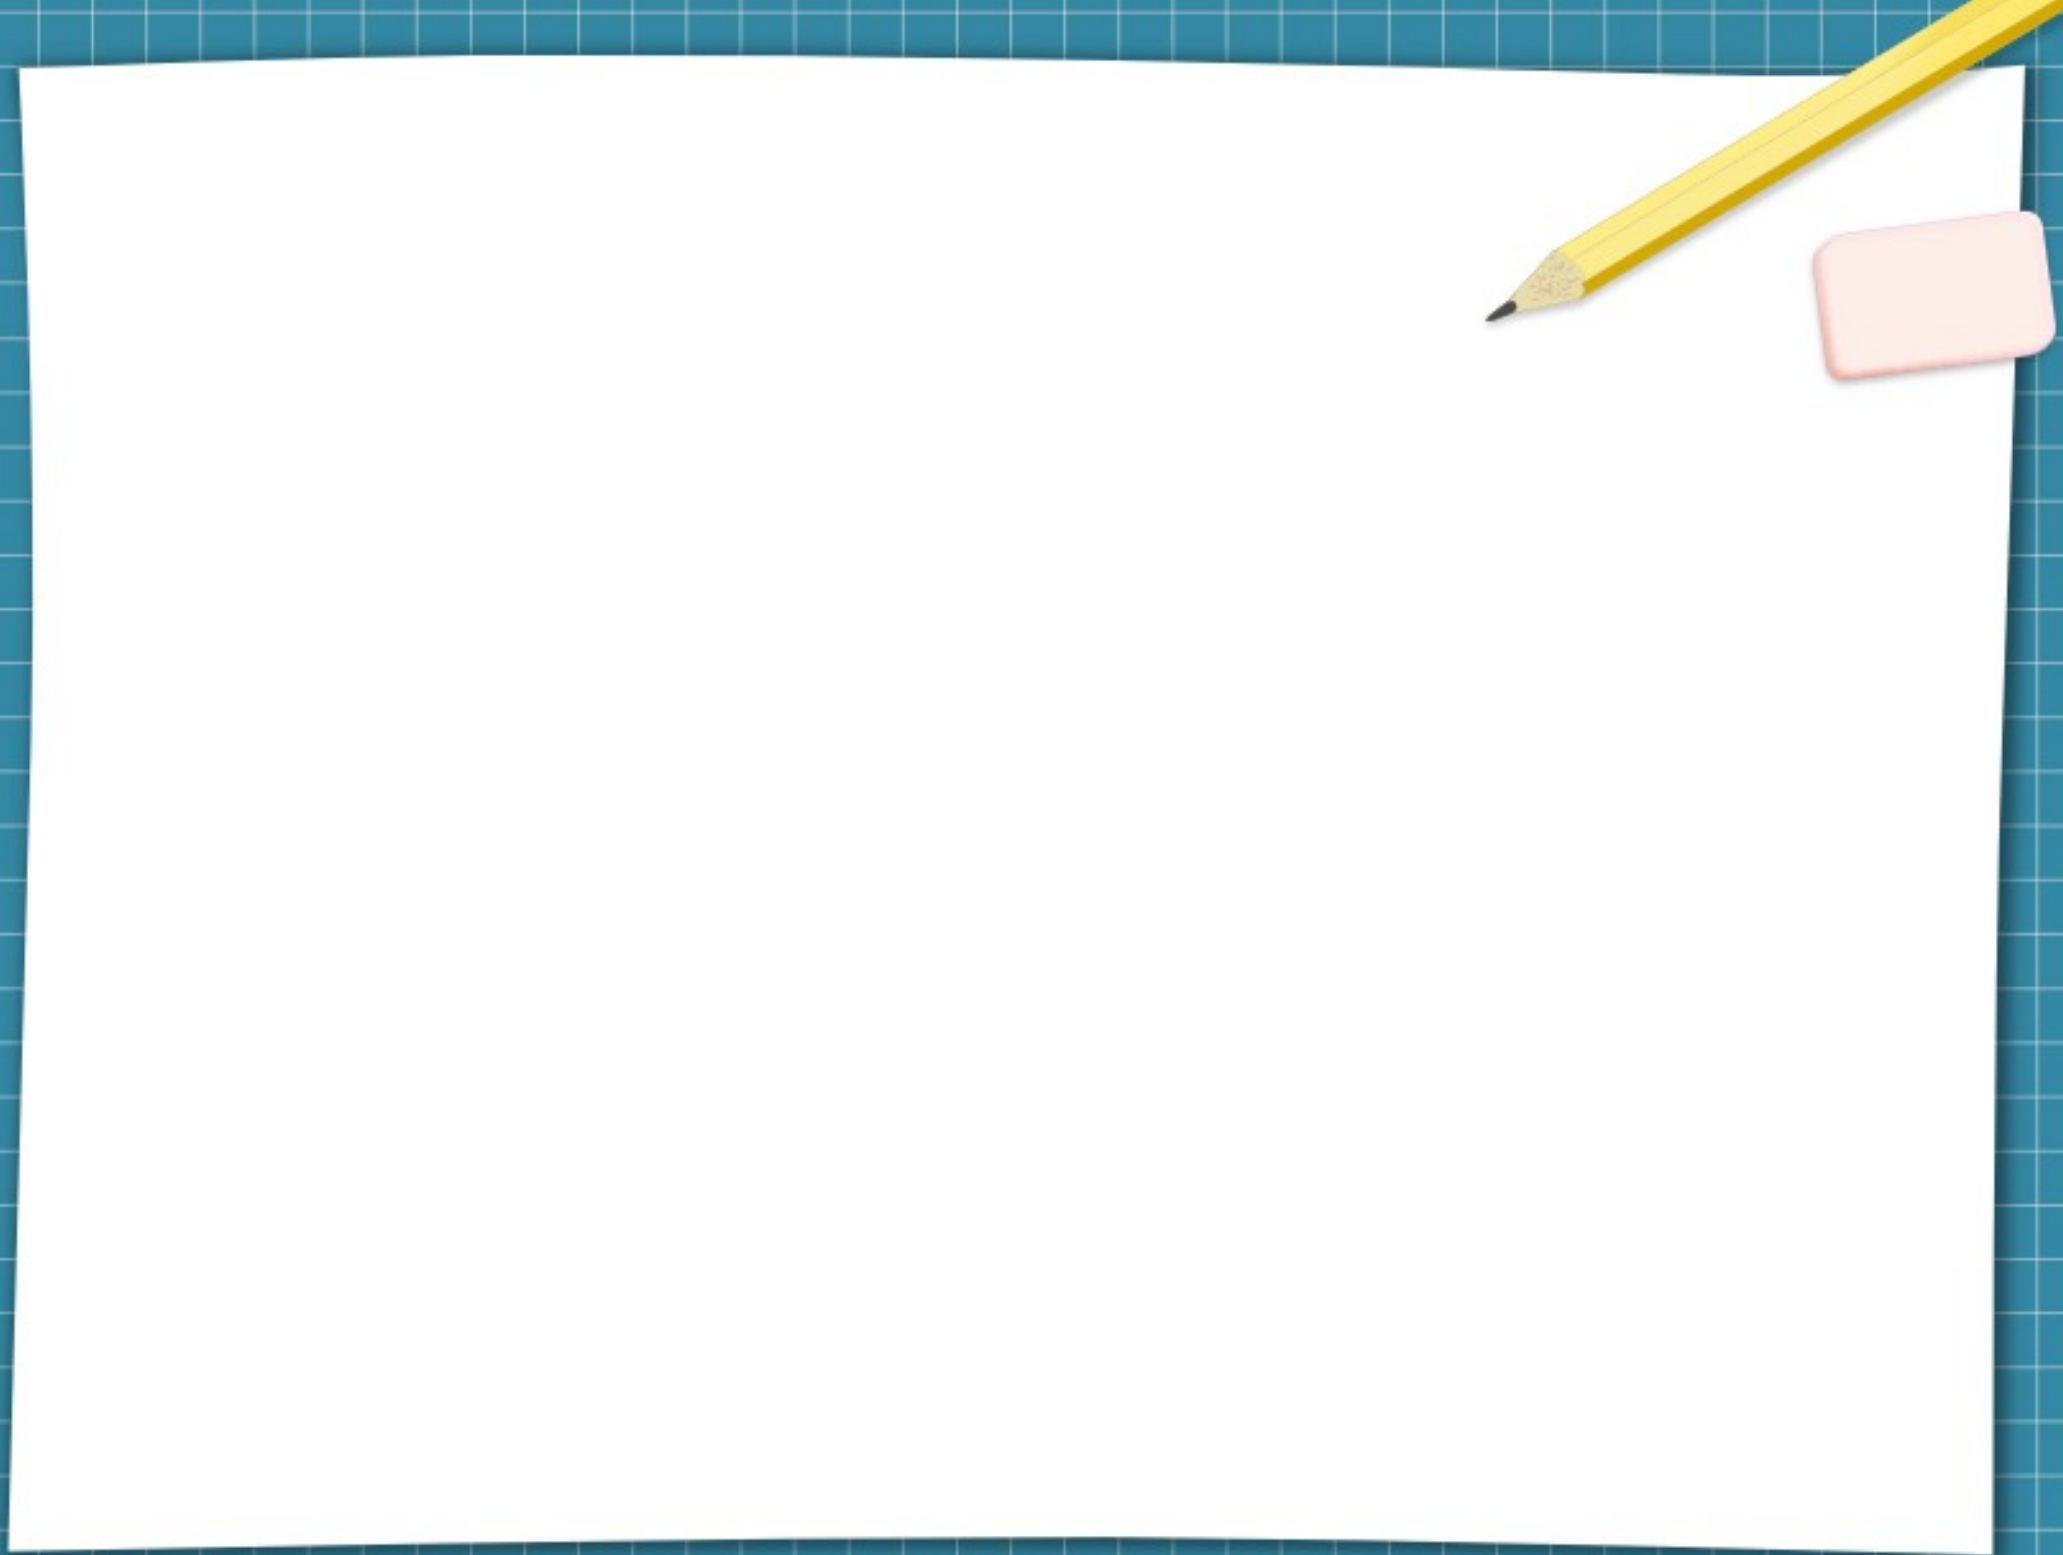

You gave me the courage to overcome everything with a smile.

Your johnsy

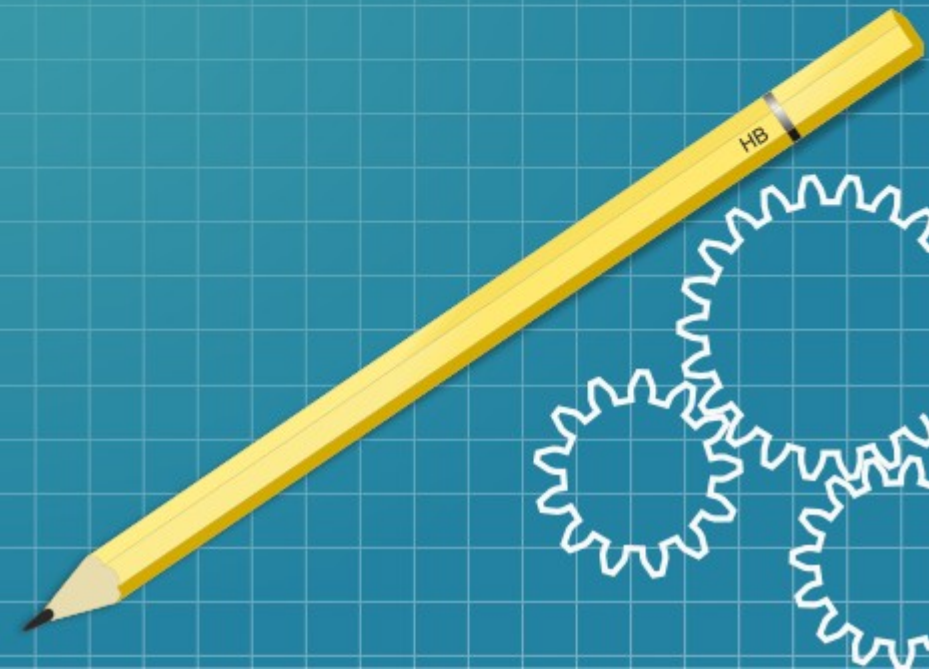

DIFFERENT TYPES OF MUSCLES

THERE ARE THREE TYPES OF MUSCLES
THEY ARE SKELETAL MUSCLE (STRIATED
MUSCLE), SMOOTH MUSCLE, AND CARDIAC
MUSCLE

MY DREAM WAS NOT SUCCESSFULL

Oh my God : I am a crazy bird

if, I am travel long in the sky.

oh my God:I am crazy fish

if I am travel long in sea.

oh my God:I am crazy book

if,I read my long life.

Oh my God:I am a boy and

My dream was not successful.

GENERAL KNOWLEDGE

QUESTIONS

Q1) Which is the longest river in the world?

Q2) Which is the largest country in the world?

KNOW ABOUT THE OLYMPIAN

OSCAR PISTORIUS

Oscar Pistorius was born to Henke and Sheela Pistorius on 22 November 1986 in Sandton Johannesburg. His full name was OSCAR LEONARD CART PISTORIUS. He grew up in the Christian home. Pistorius was born with fibular hemimelia in both legs. When he was eleven months old, both of his legs were amputated half way between his knees and ankles. He won gold medals for 100m, 200m, and 400m races in the Olympics. He ran in both non-disabled sprint events and in sprint events for below-knee amputees. He was the tenth athlete to compete at both the Paralympic Games and Olympic Games. After becoming a Paralympic champion, Pistorius attempted to enter the non-disabled International competition. Pistorius became the first amputee to win a non-disabled world track medal.
