

## Song of despair

People hung their heads low  
and cover their ears  
trying hard  
not to hear them singing.  
The voices, they were so feeble  
but powerful than you can imagine.  
The lyrics,  
they were truth in its purest form.  
Something which is  
not meant to be said aloud.  
The waves,  
they sang and sang  
until the whole world started  
hearing them  
when the waves sang.

the clouds drew pictures in the sky  
for everyone to see  
But people were so busy with their lives  
that they didn't dare look up  
The songs  
they dragged me to the unknown depths  
of nowhere  
The place we met  
The first and the last  
The voices reminding me  
every moment we spent together  
In light and darkness  
In dreams and thoughts  
All remembered with pain  
So lovingly given  
The waves, they still sing  
Songs about us  
We, who parted
