## MESSAGE FROM HEAD MISTRESS

I'm delighted to know that The Little kites club of our school is publishing the digital magazine JOYFUL JOURNEYS 2023-24. It is in the corridors of our school that the leaders and innovators of tomorrow are taking shape. Freedom to express freely and without fear is what they need to learn from here. Initiatives like this go a long way in providing such opportunities to the student and encourage their creative talents.

I congratulate the Magazine team all the very best to accomplish their vision.

Best Wishes!

Thank you

JAYA M R  
Head Mistress

# KUTHIYOTTAM

*Adwaid Gopakumar*

Kuthiyottam is probably the single largest and unique Vazhipadu (devotee offering) prevalent in Kerala, or in any part of the country, in terms of the expenditure involved. According to the present

circumstances and market conditions, the expenditure for even a minimum scale Kuthiyottam runs to at least Rs. Two to Rs. Three lakhs. There are instances of devotees conducting Kuthiyottams by spending over Rs. 5 to Rs. 15 lakhs.

The devotees who are planning to offer Kuthiyottam will adopt boys under the age of 12 for a few days since the day of Shivaratri. Every need of these boys will be taken care of by the devotees who offer kuthiyottam, including food and accommodation. A miniature of a temple will be constructed at the house of devotees and special rituals will be performed there every day till Bharani. Boys will be trained in Kuthiyottam these days and whoever visits the houses of devotees who are planning to offer kuthiyottam will be provided food.

## CYBER CRIMES

ABHINAV R K

Cybercrime is criminal activity that either targets or uses a computer, a computer network or a networked device. Most cybercrime is committed by cybercriminals or hackers who want to make money. However, occasionally cybercrime aims to damage computers or networks for reasons other than profit. These could be political or personal.

Cybercrime can be carried out by individuals or organizations. Some cybercriminals are organized, use advanced techniques and are highly technically skilled. Others are novice hackers.

Cybercrime encompasses a wide range of criminal activities that are carried out using digital and/or networks. These crimes involve the use of technology to commit fraud, identity theft, data breaches, computer viruses, scams, and expanded upon in other malicious acts. Cybercriminals exploit vulnerabilities in computer systems and networks to gain unauthorized access, steal sensitive information, disrupt services, and cause financial or reputational harm to individuals, organizations, and governments.
