SCIENCE

June 5 World Environment Day	'Green Pledge Wall'	Students will write an eco-friendly pledge on a leaf-shaped cutout and paste it on a tree-shaped board. This collaborative activity will encourage students to reflect on their role in protecting the environment and commit to sustainable actions.	UP, HS	Universal Outlook Environmental Awareness Responsibility & Commitment Community Participation	Experiential Learning – Through real-life activities like field trips and hands-on projects.	Remembering – Recalling facts about wildlife and conservation.	Naturalistic – Observing and appreciating wildlife in nature.	Critical Thinking – Evaluating conservation issues and solutions. Creativity – Developing innovative ideas for wildlife protection. Collaboration – Working in teams to create awareness campaigns. Communication – Expressing thoughts effectively through presentations and discussions. Global and Environmental Literacy – Understanding how human actions impact biodiversity
	Best Out of Waste	Over time, the board will fill up with pledges, visually representing the collective commitment of the students.			Value-Based Education – Instilling respect and responsibility toward wildlife.	Understanding – Explaining the importance of biodiversity.	Linguistic – Writing essays, speeches, and reports on conservation.	
	Eco Pledge Wall	A competition to create useful items from recycled materials. Students write and stick eco-friendly pledges on a display board.			Art-Integrated Learning – Using creative mediums like posters, skits, and storytelling to convey conservation messages.	Applying – Engaging in activities like tree planting or awareness campaigns.	Interpersonal – Collaborating on group activities like skits and debates.	
	Tree Adoption Program	Giving each student a plant to care for during the year			Analyzing – Investigating causes of species endangerment.	Evaluating – Debating conservation policies and ethical dilemmas.	Visual-Spatial – Designing posters, presentations, and art projects.	
					Creating – Designing posters, presentations, or innovative conservation strategies.	Logical-Mathematical – Analyzing wildlife population data and conservation trends		

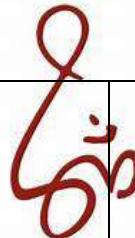

June 8 World Ocean Day	Ocean Art and Awareness Campaign	Students create ocean-themed art pieces (paintings, posters, sculptures) depicting the importance of ocean conservation, followed by an exhibition and awareness campaign.	UP, HS		<p>Intellectual Development – Understanding the importance of oceans and their ecosystems.</p> <p>Emotional Development – Developing sensitivity toward marine life and environmental issues.</p> <p>Cultural Development – Understanding global efforts to protect oceans and recognizing India's contribution to marine conservation.</p>	<p>Understand – Research ocean-related themes.</p> <p>Create – Produce art reflecting ocean themes.</p> <p>Evaluate – Explain the message behind their work</p>	Visual-Spatial, Bodily-Kinesthetic, Intrapersonal	Creativity – Designing art pieces. Communication – Sharing the message. Social and Cultural Awareness – Promoting ocean health
July 22 Chandrayaan Day Celebration	Space Quiz	A quiz focused on India's space missions and Chandrayaan.	6th - 12th	Conceptual Knowledge	Knowledge-based	Remembering, Understanding	Logical-Mathematical	Communication, Collaboration
	Debate on Space Exploration	Discussion on benefits and challenges of space exploration.	9th - 12th	Scientific Inquiry	Communication	Analyzing, Evaluating	Verbal-Linguistic, Interpersonal	Critical Thinking, Public Speaking
	Guest Lecture	An expert talk on India's achievements in space.	9th - 12th	Knowledge Enrichment	Lecture-based	Understanding, Analyzing	Verbal-Linguistic	Information Literacy, Listening
	Poster Making Competition	Students create posters on Chandrayaan and ISRO's contributions.	6th - 10th	Creativity	Artistic Expression	Understanding, Creating	Visual-Spatial	Creativity, Communication
	Space Documentary Screening	Screening of a documentary on Chandrayaan missions.	6th - 12th	Audio-Visual Learning	Educational Media	Understanding, Analyzing	Visual-Spatial, Auditory	Digital Literacy, Awareness

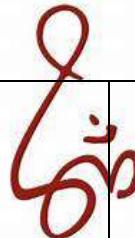

<p>September 16 World Ozone Day</p>	<p>Ozone Odyssey</p>	<p>Art & Poster Contest The Art and Poster Contest serves as a platform for students to express their creativity and raise awareness about the importance of ozone layer protection and environmental conservation. With themes centered around preserving our planet's ozone layer and safeguarding the environment, the contest encourages students to explore their artistic talents while promoting positive messages of sustainability and stewardship.</p>	<p>HS,HSS</p>	<p>Universal Outlook Environment education World issues Harmony in creation/ man's role in the system/ environment education</p>	<p>New Initiative</p>	<p>Creating, Evaluating</p>	<p>Visual-Spatial, Interpersonal, Bodily-Kinesthetic</p>	<p>Communication, Collaboration</p>
<p>Oct 2-8 Wild Life Week</p>	<p>Wildlife Wonders: Quiz, Photography, and Nature walk</p>	<p>A week-long celebration focused on wildlife conservation through various engaging activities such as poster-making, photography, debates, quizzes, skits, nature walks, and guest lectures. Students will explore the importance of biodiversity, endangered species, and the role of humans in protecting wildlife. Hands-on activities like tree planting, documentaries, and field visits to nature reserves may be included.</p>	<p>UP, HS, HSS</p>	<p>Universal Outlook Harmony in creation Environment education Environmental Awareness – Understanding the significance of wildlife and ecosystems. Biodiversity Conservation – Learning about endangered species and conservation efforts. Intellectual Development Analytical ability Abstract thinking</p>	<p>Experiential Learning – Through real-life activities like field trips and hands-on projects. Value-Based Education – Instilling respect and responsibility toward wildlife. Art-Integrated Learning – Using creative mediums like posters, skits, and storytelling to convey conservation messages.</p>	<p>Remembering – Recalling facts about wildlife and conservation. Understanding – Explaining the importance of biodiversity. Applying – Engaging in activities like tree planting or awareness campaigns. Analyzing – Investigating causes of species endangerment. Dec 1 World AIDS day	Red Ribbon Remembrance: Uniting Against HIV/AIDS	Red Ribbon Campaign & Posters World AIDS Day is observed annually on December 1st to raise awareness about HIV/AIDS, honor those who have lost their lives to the disease, and show support for people living with HIV/AIDS. As part of the commemoration, students and teachers come together to wear red ribbons, a symbol of solidarity and support, and display posters to educate and raise awareness about HIV/AIDS. By wearing red ribbons and displaying posters on World AIDS Day, students and teachers demonstrate their solidarity and commitment to raising awareness about HIV/AIDS and supporting those affected by the disease. Through education, advocacy, and community engagement, they play a vital role in advancing efforts to combat HIV/AIDS and promote health, dignity, and equality for all. January 4 Birthday of Sir Isaac Newton	Newton's Day of Discovery	<p>Educational Games & Quizzes</p> <p>On the birthday of Sir Isaac Newton, students come together to celebrate the life and contributions of one of history's greatest scientists. Educational games and quizzes centered around Newton's groundbreaking discoveries in science and mathematics are organized to engage students in a fun and interactive learning experience while honoring his legacy. By organizing educational games and quizzes centered around Newton's contributions to science and mathematics, students not only deepen their understanding of Newtonian principles but also celebrate the spirit of curiosity, inquiry, and discovery that defines Sir Isaac Newton's enduring legacy.</p>	UP, HS	 <p>Universal Outlook Citizen of the world Man's role in the system</p>	New Initiative	Remembering, Understanding, Applying	Logical-Mathematical, Bodily-Kinesthetic, Interpersonal	Problem Solving, Communication

January 5 National Bird Day		Flight of Awareness: Celebrating National Bird Day through Art and Education	Picture Album & Video Presentation National Bird Day is a special occasion to celebrate avian diversity and raise awareness about the importance of bird conservation. To commemorate this day, students in Standard 6 and 7 come together to create a picture album showcasing various bird species found in their region with catchy slogans. Additionally, they collaborate on producing a video presentation highlighting interesting facts, behaviors, and conservation efforts related to these birds. By creating a picture album and video presentation for National Bird Day, students not only engage in hands-on learning experiences but also play an active role in promoting bird conservation and environmental awareness within their school and community. Through their efforts, they contribute to the collective efforts to protect and preserve the natural world for future generations.	UP	Universal Outlook Citizen of the world Man's role in the system	New Initiative	Remembering, Understanding, Applying	Visual-Spatial, Bodily-Kinesthetic, Naturalist	Communication, Collaboration

SOCIAL SCIENCE

June	26 th	International day against drug abuse and illicit trafficking- Sankalp: Pledge Against Drugs Natya Natak: Anti- Drug Play	students participate in a pledge ceremony affirming their commitment to lead a drug-free life, inspired by Indian cultural values and also conducting rally. performance of a skit or play highlighting the dangers of drug abuse and its impact on individuals and society, incorporating Indian drama.	8 th & 9 th all	Drug Abuse Prevention Creative Expression	Sustained New initiative	Applying understanding	Intrapersonal Linguistic	Self-awareness, Responsibility Communication, Empathy	
June	5 th	Environment day - Miawalki	Identifying Tree varieties, where students honor and show gratitude to trees.	6 th & 7 th	Environmental Stewardship	Innovative	Applying	Bodily-Kinesthetic	Environmental Awareness, Civic Engagement	
June	5 th	Environment day – plantation drive	Planting saplings in and around the ROTARY school premises to promote afforestation and green cover.	8 th to 10 th	Environmental Stewardship	Sustained	Applying	Bodily-Kinesthetic	Environmental Awareness, Civic Engagement	
June	8 th	World ocean day- Ocean-themed Storytelling	Storytelling session featuring tales of ocean adventures, mythical sea creatures, and the importance of ocean	6 th & 7 th	Cultural Appreciation	New initiative	Understanding	Linguistic	Cultural Awareness, Communication	
June	12 th	World Day Against Child Labour- Poster Making Competition	Students create posters raising awareness about the detrimental effects of child labor and	8 th & 9 th	Creative Expression	Sustainable	Remembering	Visual-Spatial	Advocacy, Creativity	
			Ayurveda Awareness Workshop-							

July	1 st	National doctors' day	Workshop introducing students to the principles and practices of Ayurveda, an ancient Indian system of medicine emphasizing holistic health.	all	Health Education	Sustained	Understanding	linguistic	Critical Thinking, Health Literacy	
July	11 th	World population day - Community Awareness Campaign	Organizing an awareness campaign in the local community about family planning, reproductive health, and the importance of small family norms.	8 th & 9 th	Health Education	New initiative	Understanding	interpersonal	Community Engagement, Health Literacy	
July	26 th	Kargil vijay diwas- Kargil war martyr's house visit and paying gratitude to military heroes	Organizing a physical visit to a Kargil War martyr's house visit to pay homage to the martyrs and learn about their heroic deeds, instilling a sense of pride and reverence among students through a session with military persons	8 th , 9 th & 10 th	Historical Commemoration	Sustained	Understanding	Visual- spatial	Cultural Awareness, Civic Engagement	
August	15 th	Independence Day Cultural Fair	Organize a cultural fair in rotary school showcasing various aspects of Indian culture, including traditional dances, music, arts, and crafts celebrating the spirit of independence	all	Cultural Appreciation	Sustained	Understanding	Interpersonal	Cultural Awareness, Collaboration, Appreciation	
September	5 th	International charity day - Seva Samvaad: Service to humanity	Organize a seva with an organization and students interacting with the inmates there	8 th to 10 th	Social Responsibility	Sustained	Understading	Interpersonal	Empathy, Collaboration- universal	
September	16 th	World ozone day	Organize a "Prakriti Yatra" or Nature Walk to a nearby botanical garden or natural reserve where students observe and learn about local flora and fauna, while discussing the importance of ozone layer	10 th	Environmental Awareness	Sustained	Understanding	Naturalistic	Environmental Awareness, Observation	

september	15 th & 25 th	International day of democracy and national voters' day - Loktantra Utsav: Democracy Carnival	Organize a "Loktantra Utsav" or Democracy Carnival where students explore the principles of democracy through interactive games, quizzes and mock election	9 th	Civic Engagement	New initiative	Applying	Interpersonal	Critical Thinking, Collaboration	
September	26 th	Rivers Day - Nadi Sandhya: River Meditation	Conduct a "Nadi Sandhya" or River Meditation session where students engage in mindfulness practices and meditation by the river, fostering a connection with nature and promoting environmental consciousness.	9 th	Mindfulness	New initiative	Understanding	Intrapersonal	Emotional Intelligence, Environmental Awareness	
October	1 st	International day for older persons- Gandhi jayathi-	Organize a "Vriddha Vandana" or Elderly Appreciation Program where students perform cultural activities, and	Plus two	Respect for Elders	Sustained	Remembering	Interpersonal	Empathy, Cultural Awareness	
October	2 nd		Organize a Swachh Bharat Abhiyan (Clean India Mission) event in collaboration with older persons from the community, where students and elders work together to clean a local area. And visit to Gandhi bhavan	7 th to 10 th	Community Engagement	Sustained	Applying	Interpersonal	Collaboration, Civic Responsibility	
October	2 nd	Gandhi jayathi-	Organize a Swachh Bharat Abhiyan (Clean India Mission) event in collaboration with older persons from the community, where students and elders work together to clean a local area. And visit to Gandhi bhavan	7 th to 10 th	Community Engagement	Sustained	Applying	Interpersonal	Collaboration, Civic Responsibility	
October	31 st	National Unity Day - Ek Bharat, Shreshtha Bharat	organize an "Ek Bharat, Shreshtha Bharat" event where students were asked to bring the cuisine of different states showcasing unity in diversity, and the spirit of togetherness and visit to historical sites	10 th	Cultural Exchange	New initiative	Understanding	Intrapersonal	Cultural awareness, communication	

							
October	20th	Geography local map-	Students identify and map community resources in the Trivandrum area, including hospitals, police stations, fire stations, libraries, and community centers. They analyze the accessibility and availability of these resources to help community members navigate and access essential services effectively	10th	geography	New initiative	analyzing
October	24th	UN Day - Vishwa Bandhutva: Global Friendship	a cultural exchange program titled "Vishwa Bandhutva" where students interact with peers from different backgrounds of nearby schools and share insights into their cultures, traditions, and values, fostering global understanding and friendship	9 th & 10 th	Cultural exchange	New initiative	appreciation
November	14 th	Children's day- Nehru Baal Vichar Sabha: Children's Debate	Organize a debate on contemporary issues relevant to children's rights, education, and well-being, fostering critical thinking and public speaking skills in line with Nehru's emphasis on education.	10 th	Critical Thinking	Sustained	Analyzing
November	26th	Constitution day of India - Samvidhan Rangoli: Constitution-themed Rangoli	Conduct a rangoli- design making competition where students create intricate rangolis inspired by the preamble, fundamental rights, and directive principles of the Indian Constitution, promoting creativity and cultural appreciation and visit to Legislative assembly	9 th	Artistic Expression	New initiative	Creating

									
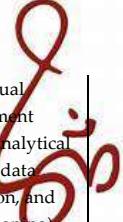

December	2 nd	National pollution control day - Waste Segregation session for LP children	Conduct a session on waste segregation at school, teaching students the importance of segregating waste into biodegradable and non-biodegradable categories. This hands-on activity promotes responsible waste management practices.	4 th & 5 th	Environmental Awareness	New initiative	Analyzing	Logical-Mathematical	Environmental Awareness, Problem Solving
December	5 th	World Soil Day-	Conduct a field trip where students learn about soil health indicators and methods for assessing soil quality. They can perform simple soil tests, observe soil organisms under microscopes, and analyze soil samples, enhancing their understanding of the importance of soil conservation and its impact on agriculture and ecosystems.	8 th to 10 th	Environmental Awareness	Sustained	Applying	Naturalistic	Environmental Awareness, Practical Skills
December	10 th	Human rights day - Human Rights Seminar: "Voices for Change"	Organize a seminar Invite guest speakers such as human rights activists, lawyers, or social workers to share their insights and experiences. Encourage students to engage in discussions and debates, fostering critical thinking and advocacy for human rights in the school community.	8 th to 10 th	Human Rights Awareness	New initiative	Evaluating	Interpersonal	Communication, Critical Thinking
December	20 th	locality mapping	Students research culturally significant historical places in the Trivandrum area. They gather information on the cultural significance, geographical features to create an interactive manuscript magazine	10 th	Cultural expression	sustained	analyzing	Visual-spatial	Creativity, aesthetic appreciation

Month	Date	Activity Name	Description of Activity	Date	Learning Outcome	Sustainable Development Goal	Evaluation Method	Mode of Learning	Skills Developed
December	25th	Time Travel Project	Students conduct research on a specific historical event of India, such as the Indus Valley Civilization or the Indian Freedom Struggle. They imagine themselves as time travelers and create immersive projects depicting life during that era through interview or survey method.	10 th	Historical expression	New initiative	evaluating	Visual- spatial	Critical thinking, creativity
January	30 th	Martyrs' day - Candlelight Vigil	Conduct a candlelight vigil in the school premises to honor the memory of the martyrs. Students gather in silence, holding lit candles as a symbol of remembrance and reverence. Through this solemn activity, students reflect on the sacrifices made by the martyrs and pledge to uphold the ideals for which they laid down their lives, especially Gandhiji	9 th & 10 th	Emotional Connection	Sustainable taken from Drishti	Evaluating	Intrapersonal	Reflection, Empathy
January	5 th	"Santulan- Healing Exam Stress	Students engage in various sessions to calm the nervous system, improve concentration, and enhance mental clarity. This activity empowers students to deal with exam anxiety	10 th	Physical Wellness	Sustainable	Analyzing	Bodily-Kinesthetic	Stress Reduction, Concentration
January	12 th	National youth day - Inspirational Guest Speaker	Invite a motivational speaker, preferably a young achiever, to share their journey and inspire students to pursue their dreams and aspirations. The speaker can discuss overcoming challenges, setting goals, and making a positive impact on society, motivating students to strive for excellence and contribute to the community.	10 th to 12 th	Motivational Speaking	Sustained	Evaluating	Intrapersonal	Motivation, Communication

February	10 th	Vidyagopala manthraarchana	Students engage in the ritual of offering sacred items to Lord during the Archana . They prepare offerings such as flowers, incense, fruits, and sweets, infusing each item with devotion and gratitude. Through this hands-on activity, students cultivate reverence, humility, and gratitude towards the divine while experiencing the significance of ritualistic worship in Indian culture.	10 th	Spiritual Connection	Sustained	Evaluating	intrapersonal	introspection, Critical Thinking
February	15 th	Cyber Myth-Busting-		9 th	Digital Literacy	Sustained	Evaluating	Logical-Mathematical	Critical Thinking, Digital Citizenship
February	20 th	World day of social justice- Advocacy Campaign	Launch an advocacy campaign where students create posters, pamphlets, or digital media advocating for a specific social justice cause such as gender equality, education access, or environmental sustainability. Students raise awareness, mobilize support, and promote positive change in their communities.and visit to police station	9 th	Advocacy	New initiative	Creating	Logical-Mathematical	Critical Thinking, Creativity

JUNE	29th June	<p>NATIONAL STATISTICS DAY (Birth anniversary of Professor P.C. Mahalanobis)</p> <p>Label Reading & Data Extraction (Sustainable)</p>	<p>⌚ Objective: To help students understand the importance of statistics in sports by analyzing real-world data and making predictions.</p> <p>Steps:</p> <p>Choose a Sport – Students select a sport they like (cricket, football, badminton, etc.).</p> <p>Collect Data – They gather statistics from recent matches (runs scored, goals, number of sixes, player performance, etc.).</p> <p>Organize & Represent – Students present data using tables, bar graphs, or pie charts.</p> <p>Find Insights – They calculate averages, highest and lowest values, and trends (e.g., “Who is the most consistent batsman?”).</p> <p>Make Predictions – Based on past performance, students predict the outcome of the next match or the performance of a specific player.</p> <p>Present Findings – Each student/team presents their analysis and predictions in class.</p>	 <p>Intellectual Development (Encourages analytical thinking, data interpretation, and logical reasoning)</p> <p>Universal Outlook (Understanding global sports statistics and trends)</p>	<p>Remembering, Understanding, Applying, Analyzing, Evaluating, Creating</p>	<p>Logical- Mathematical, Visual-Spatial, Interpersonal, Linguistic</p>	<p>Critical Thinking, Collaboration, Communication, Information Literacy, Technology Literacy</p>
		UP, HS & HSS		Applied Mathematics & Data Analysis			

July	July (Date to be determined within the month)	MATH CARNIVAL	The Math Carnival is a fun-filled event featuring interactive games that blend learning with excitement. Activities like Dartboard Math and Spinning Wheel Challenge test numerical skills in a playful setting, while the Math Treasure Hunt and Escape Room add an element of adventure through problem-solving. The Tangram Challenge sharpens spatial reasoning, Roll and Solve makes arithmetic engaging, and the Math Relay promotes teamwork. Additionally, the Coordinate Grid Game enhances graphing skills in a hands-on way. These activities ensure a vibrant, engaging experience where students learn math through active participation! Since Pi Approximation Day also falls in July, the celebration will include a special Pi Dance, where students and teachers will perform a creative routine inspired by the digits and significance of Pi. To further embrace the theme, the Math Carnival space will be https://youtu.be/DvW5uqzHDAo?si=pbZ1bCyCMVNfZsKZ https://youtu.be/_qQCeXltmSE?si=h91wkwLIUvUL1Xum	UP, HS, HSS	Intellectual Development, Integrated Development	Experiential Learning, Gamified Mathematics	Remembering, Understanding, Applying, Analyzing, Evaluating, Creating	Logical- Mathematical, Visual-Spatial, Bodily-Kinesthetic, Interpersonal	Critical Thinking, Problem-Solving, Collaboration, Communication, Creativity
			Mathematics in Nature – A Photo Exhibition						

August	19th August	World Photography Day	<p>For World Photography Day, students will participate in a "Mathematics in Nature" Photo Exhibition, where they capture images showcasing mathematical patterns in the natural world.  Through photography, they will explore concepts like Fibonacci spirals, symmetry, fractals, and tessellations. Each image will be accompanied by an explanation of its mathematical significance and displayed in an exhibition. The event will also feature interactive elements like quizzes and recognition for outstanding photos, making it a creative blend of art and math while deepening students' appreciation of the subject.  </p>	UP,HS AND HSS		Mathematics in Art & Nature, Visual Mathematics	<p>Remembering, Understanding, Applying, Analyzing, Evaluating, Creating</p>	Visual-Spatial, Logical-Mathematical, Naturalistic, Linguistic	Creativity, Critical Thinking, Observation, Communication, Digital Literacy
September	August/September	QUIZ WEEK (Sustainable)	<p>MATH QUIZ FEST</p> <ul style="list-style-type: none"> Conducting quiz competitions for LP, UP HS & HSS sections. Can select two or three topics based on which the competitions can be held. The winners will be sent to participate in the subdistrict Math fair quiz competitions held by the Government for state syllabus schools. <p>The competitions can be conducted offline or using any online platforms like Quizziz.</p>	LP, UP, HS & HSS	Intellectual Development	Competitive Mathematics, Knowledge Application	<p>Remembering, Understanding, Applying, Analyzing, Evaluating</p>	Logical- Mathematical, Linguistic, Interpersonal	Critical Thinking, Problem-Solving, Communication, Information Literacy, Digital Literacy (if online)
November	November	Math Kite Festival	Students design & decorate kites based on geometric properties. They calculate kite angles, symmetry, area, and wind speed ratios. Final flying contest & showcase. -------	------	----------	-------------	----------------	---------------	----------	------------------	-----------------------	---------------------

JUNE	06-09-2025	Creative Email Writing	Students draft emails that reflect values such as gratitude, responsible communication, and ethical awareness. Topics include writing to a mentor, social responsibility appeals, cultural invitations, or awareness emails on patriotism and unity in diversity.	5-8	Integrated Development (Emotional expansion, ethical decision-making), Indian Culture (Cultural awareness, heritage appreciation), Patriotism (National responsibility, fostering unity), Universal Outlook (Harmony in creation, relationship with the world)	New Initiative	Creativity Understanding Applivation	Linguistic Interpersonal Visual Spacial Communication	Communication, Creativity, Critical Thinking, Global Awareness
	06-15-2025	Nature Photography Day	Students capture images of biodiversity, landscapes, environmental issues, or cultural heritage sites to develop appreciation for nature, responsibility towards the environment, and artistic expression. A discussion on sustainability and conservation follows.	6-12	Integrated Development (Aesthetic appreciation, environmental sensitivity), Indian Culture (Respect for nature, artistic expression), Universal Outlook (Harmony in creation, responsibility towards the planet)				
	06-05-2025	Digital Painting on Environment Day	Students create digital artwork showcasing themes such as climate change, conservation, biodiversity, sustainable living, or the beauty of nature. The best paintings are displayed in school and on digital platforms to spread awareness.	3-4	Integrated Development (Aesthetic appreciation, creativity, environmental awareness), Universal Outlook (Sustainable thinking, eco-consciousness)	Sustainable	Understanding, Creating	Visual-Spatial, Naturalist, Logical-Mathematical	Creativity, Digital Literacy, Environmental Responsibility, Global Awareness

July		IT Fest	A technology-based fest where students participate in various digital and coding activities to enhance creativity, problem-solving, and technical skills.	1-12	Integrated Development (Cognitive, Creativity, Problem-solving), Universal Outlook (Technological advancement, Global relevance)	Sustainable ↳	Applying, Analyzing, Creating	Logical-Mathematical	critical thinking, creativity, communication, and collaboration
August	Aug1	World Wide Web Day	Students explore the evolution of the web and its impact on education, culture, and responsible digital citizenship. Activities include presentations on internet history, debates on ethical web usage, discussions on digital footprints, and creative projects on AI and the future of the web.	6-12	Integrated Development (Responsible technology use, ethical decision-making), Indian Culture (Technology's role in preserving heritage), Universal Outlook (Global connectivity, digital harmony)	New Initiative	Analyzing, Evaluating, Creating	Logical-Mathematical, Visual-Spatial, Linguistic, Interpersonal	Digital Literacy, Critical Thinking, Communication, Ethical Responsibility
August		Digital Painting – Independence Day Theme	Students create digital artworks that represent India's rich heritage, national pride, unity in diversity, or freedom fighters' contributions. The artwork should reflect patriotic values, ethical responsibilities, and India's cultural ethos using digital tools.	1-8	Indian Culture (Heritage appreciation, artistic expression), Patriotism (Love for the nation, national responsibility), Universal Outlook (Harmony in diversity, appreciation of global peace)	New Initiative	Creating, Applying	Visual-Spatial, Logical-Mathematical, Intrapersonal	Creativity, Digital Literacy, Critical Thinking, Cultural Awareness
August	Aug28	Race Your Mouse Around the Icons Day	A fun and engaging mouse control challenge where students navigate the mouse swiftly and accurately across various on-screen icons. The activity enhances fine motor skills, hand-eye coordination, and digital literacy. Gamified elements such as time-based tasks, obstacle courses, and precision clicking make the session interactive.	3-7	Integrated Development (Mental agility, cognitive coordination), Indian Culture (Discipline and patience in learning), Universal Outlook (Technological adaptability, responsible tech use)	New Initiative	Applying, Analyzing	Bodily-Kinesthetic, Logical-Mathematical, Visual-Spatial	Digital Literacy, Problem- Solving, Coordination, Focus

September	Sep 13	Programmer's Day & National Coding Week (Awareness Session by an Alumni)	An alumni, currently working in the IT industry, interacts with students to share insights on programming careers, industry trends, ethical coding, and responsible technology use. The session emphasizes innovation, computational thinking, and values-based programming.	8-12	Integrated Development (Intellectual & emotional growth), Indian Culture (Respect for knowledge & innovation), Patriotism (Contributing to the nation's technological progress), Universal Outlook (Global technological awareness, ethical responsibility)	Sustainable	Understanding, Analyzing, Applying	Logical-Mathematical, Linguistic, Interpersonal	Critical Thinking, Collaboration, Problem- Solving, Digital Literacy
September	Sep 15	National Online Learning Day	Students explore the impact of online learning through discussions, reflections, and project-based learning. Activities include: researching effective online learning strategies, creating digital study plans, and presenting innovative ways to utilize online resources. Special focus on digital responsibility, ethical internet use, and self-paced learning.	5-8	Integrated Development (Self-discipline, responsible digital behavior), Universal Outlook (Technology for global learning), Indian Culture (Respect for Gurus in digital education), Patriotism (Leveraging technology for nation- building)	New Initiative	Analyzing, Creating, Evaluating	Logical-Mathematical, Linguistic, Intrapersonal	Digital Literacy, Critical Thinking, Self-learning, Problem-solving
October	Oct 14	Ada Lovelace Day	A celebration of women in STEM where students research Ada Lovelace's contributions and present posters, speeches, or digital projects on pioneering women in computing. Discussions on ethical AI, gender equality in technology, and responsible innovation will be encouraged.	8-12	Integrated Development (Critical thinking, self-confidence), Indian Culture (Women's contribution to science), Universal Outlook (Gender equality, scientific awareness)	New Initiative	Analyzing, Evaluating, Creating	Logical-Mathematical, Linguistic, Visual-Spatial, Interpersonal	Communication, Digital Literacy, Problem-Solving, Collaboration

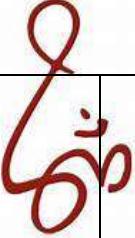

October	Oct 13 to 17	Digital Parenting Week	<p>A week-long initiative to educate parents on safe digital practices, responsible social media use, cyberbullying prevention, screen time management, and family digital well-being. Sessions include interactive workshops, panel discussions, and real-life case studies.</p>	6-12	<p>Integrated Development (Emotional awareness, responsible decision-making), Indian Culture (Value-based technology usage), Universal Outlook (Responsible global citizenship, ethical digital interactions)</p>	New Initiative	<p>Analyzing, Evaluating, Creating</p>	<p>Linguistic, Logical-Mathematical, Interpersonal, Visual-Spatial</p>	<p>Digital Literacy, Critical Thinking, Communication, Ethical Awareness</p>
November	Nov 19	GIS Day Celebration	Students explore Geographic Information Systems (GIS) through hands-on activities like mapping local environmental changes, analyzing pollution patterns, or identifying historical landmarks using GIS tools. They present findings through posters, digital maps, or presentations.	9-10	<p>Integrated Development (Scientific curiosity, problem-solving), Indian Culture (Preserving natural heritage, environmental responsibility), Universal Outlook (Global awareness, environmental consciousness)</p>	New Initiative	<p>Analyzing, Evaluating, Creating</p>	<p>Visual-Spatial, Logical-Mathematical, Naturalistic</p>	<p>Critical Thinking, Digital Literacy, Problem-Solving, Collaboration</p>
November	Nov 30	National Computer Security Day	Students will participate in interactive workshops, quizzes, and awareness campaigns on cybersecurity topics such as password safety, phishing, responsible online behavior, and data privacy. A cyber pledge will be taken to promote ethical digital citizenship.	6-12	<p>Integrated Development (Ethical responsibility, emotional awareness), Universal Outlook (Global digital awareness, online safety for all), Indian Culture (Values of discipline and responsible use of technology)</p>	Sustainable	<p>Understanding, Applying, Analyzing</p>	<p>Logical-Mathematical, Interpersonal, Visual-Spatial</p>	<p>Digital Literacy, Critical Thinking, Collaboration, Problem-Solving</p>

December	Dec 2	World Computer Literacy Day (Awareness Session for Teachers)	A session for teachers on enhancing digital literacy in the classroom. Topics include safe internet usage, cybersecurity, AI in education, and effective use of digital tools for teaching. Teachers engage in interactive discussions and hands-on practice.	Teachers	Integrated Development (Emotional confidence, ethical digital usage), Indian Culture (Knowledge sharing, responsible learning), Universal Outlook (Global digital trends, safe online presence)	Sustainable	Understanding, Applying	Logical-Mathematical, Linguistic, Intrapersonal	Digital Literacy, Critical Thinking, Problem-Solving, Collaboration
December	Dec 11	National App Day	Students research, discuss, and present on the impact of mobile and web applications in daily life, education, and social responsibility. Activities include app development brainstorming, ethical discussions on data privacy, and exploring Indian contributions to app development.	8-12	Integrated Development (Logical thinking, digital literacy), Indian Culture (Indian innovations, self-reliance in technology), Universal Outlook (Responsible use of technology, global impact), Patriotism (Encouraging 'Make in India' initiatives)	New Initiative	Analyzing, Evaluating, Creating	Logical-Mathematical, Spatial, Interpersonal	Digital Literacy, Problem- Solving, Communication, Creativity
January	Jan 1	National Clean Up Your Computer Month	Students learn about digital hygiene by organizing files, managing storage, updating software, and ensuring cybersecurity. Activities include removing unnecessary files, securing passwords, updating antivirus, and learning data backup strategies.	6-12	Integrated Development (Discipline, responsible digital habits), Universal Outlook (Cyber ethics, digital responsibility), Indian Culture (Conscious and ethical technology use)	New Initiative	Applying, Analyzing	Logical-Mathematical, Intrapersonal, Naturalistic	Digital Literacy, Critical Thinking, Problem-Solving, Cyber Awareness

February	Feb 1	Change Your Password Day	A cybersecurity awareness session where teachers learn about creating strong passwords, multi-factor authentication (MFA), and safe password management practices. Teachers are encouraged to change their passwords for school-related accounts and understand the importance of data privacy and protection.	Teachers	Integrated Development (Awareness & ethical responsibility in digital spaces), Universal Outlook (Responsible global digital citizenship), Patriotism (Data security as national responsibility)	Workshop & Hands-on Activity	Understanding, Applying, Evaluating	Logical-Mathematical, Intrapersonal	Digital Literacy, Critical Thinking, Cybersecurity Awareness
February	Feb 11	Safer Internet Day Awareness Campaign	Students participate in interactive sessions, skits, and digital poster-making on themes like cyber safety, digital well-being, cyberbullying prevention, responsible online behavior, and ethical AI use. Older students conduct awareness sessions for younger students.	5-12	Integrated Development (Emotional resilience, ethical awareness), Universal Outlook (Responsible digital citizenship, harmony in technology), Indian Culture (Respect in digital communication), Patriotism (Protecting national digital resources)	New Initiative	Analyzing, Evaluating, Creating	Linguistic, Interpersonal, Visual-Spatial, Logical-Mathematical	Digital Literacy, Critical Thinking, Communication, Collaboration

Kindergarten

MONTH	DATE	ACTIVITY	DESCRIPTION	CLASS INVOLVED	SUB COMPONENT	CATEGORY	BLOOM'S TAXONOMY	MULTIPLE INTELLIGENCE	21ST CENTURY SKILLS
June	05.06.2025	Re - opening day	A colourful welcome party is set up with balloons music and fun activities creating a cheerful atmosphere. Teachers will distribute sweets and small gifts to children making the day even more special. Teachers and little one comes together to sing dance and enjoy the celebration. The day is filled with joy and excitement.	Kindergarten	Cultural exposure, appreciation, emotional expansion, value education	Sustainable	Remembering, Understanding, Creating	Musical, Dance, Interpersonal, Linguistic	Creativity, Collaboration, Awareness

June	09.06.2025	World Environmental Day	<p>The day will begin with an engaging PowerPoint presentation about the environment helping children understand about different animals, birds, why trees plants and clean air are so important for our planet. They will go on an exiting nature walk observing trees flowers and birds, while feeling the fresh air around them. Children will enjoy leaf pasting and leaf printing activity using real leaf and natural colours.
