"Today's India is an empowered, enlightened and enterprising nation. While studying at the school the students will be groomed to become confident, articulate and enlightened young citizens ready to step into global society with dignity, honour and integrity. In other words, our students are equipped to face the challenges of the rapidly changing world. In the context, I'm delighted to appreciate the dedication of the teachers and students in conceiving the digital album of our school".

## **DISTANCE**

*When the distance becomes from the heart'*

*when mind will be frozen*

*when life also moves away*

*There is a heart which is lonely*

*which is now prickled*

*missing those day of happiness*

*when the distance became from heart,*

*Even without reasons*

*That pricks the most*

*That being a part physically*

# WONDERFUL WORLD

I see trees of green,red roses too,  
I see them blow,for you and me and i say to myself  
What a wonderful world.

I sees skies of blue and clouds of white.  
Bright sunny day scared nights  
And i say to myself  
what a woderful world.

The colours of the rainbow are so pretty in the skies  
And also on the faces of the people walking by  
i see friends shaking hands saying  
How do you do?  
They are really saying  
I LOVE YOU.
