

FOR OUR MOTHER EARTH

English Poem

We fly with our aims
We fly with our dreams
Never saw our earth's pain
That increased always in it's vein.

We rooted our destructors
We uprooted our protectors
Never saw her cry
We never mind it. Why?

We gazed at our gain
Till her pain burst on us like rain,
wind, fire ,waves, flood....
We realized the pressure in her blood.

Bring back her beauty,
Bring back her greenery,
For our earth, For our earth,
For our mother earth
