### **MESSAGE**

I'm glad to know that THSS-IHRD, Puthuppally intends to publish a school magazine "the Classroom Chronicles" for the academic year 2023-24. May this edition be the reflection of the hardwork , creativity and passion poured into its pages by each contributor. I'm confident that "the classroom chronicles will be a source of information and a platform for showcasing the diverse talents and perspective of the students in the school. i've no doubt that THSS-IHRD Puthuppally has evolved into a guiding beacon by upholding high academic standards and providing students with challenging and enriching curriculum and various extra curricular activities. the impact of school resonates not only within the classrooms but also inthe lives of students who emerge as confident, compassionate, and capable individuals.

I extend my heartfelt wishes to the magazine which is being brought out on this occassion and congratulate everyone involved in bringing this wonderful publication to life. A special Thank you to the editorial board for their hardwork and vision. Your commitment to excellence has undoubtedly made this magazine a symbol of collective pride.

sincierly,

CHANDY OOMMEN

ഒരു ഉഗ്ര സ്മോക്കിംഗിന്റെ അവശിഷ്ടമാണി ഭൂമി എന്ന് നമുക്ക് അറിയുന്നതാണ്. എന്നാൽ മനുഷ്യൻ ഇന്ന് സ്വാർത്ഥത യുടെ ഉച്ചസ്ഥായിയിൽ എത്തി നില്ക്കുന്നു. പ്രകൃതിയെ അമ്മയായി കണ്ടിരുന്ന സംസ്കാരത്തിൽ ജീവിച്ചു വളർന്ന നാം ഇന്ന് പ്രകൃതിയുടെ പശുപതിയും അമ്മയുടെ സ്നേഹത്തെയും കൊള്ളുയടിക്കുകയാണ്. എന്നാൽ പ്രകൃതിയുടെ പശുപതിയും അമ്മയുടെ സ്നേഹവും എല്ലാം മനുഷ്യ ജീവന്റെ നിലനിൽപ്പിനു ആവശ്യമാണ് എന്ന തിരിച്ചറിവിലേക്ക് നാം എത്തിച്ചേരാൻ ഇനിയും കാതങ്ങൾ താണ്ടണം. എന്തിനെയും ഉപയോഗ ശേഷം വലിച്ചെറിയുന്ന ഉപഭോഗ സംസ്കാരത്തിന്റെ ഉത്പന്നങ്ങളായി നാം മാറിക്കൊണ്ട് ഇരിക്കുന്നു. ഈ കാലത്ത് വിദ്യാഭ്യാസം സംസ്കാരം മുതലായവ വെല്ലുവിളിക്കപ്പെടുകയാണ്. ആരാണിതിന് ഉത്തരവാദി?

ബാല്യ കാലത്തിലേക്ക് ഉള്ള തിരിച്ചു പോക്കാണ് "the classroom chronicles ". ബാല്യത്തിന്റെ ശീതള ചായയിലേക്ക് മടങ്ങാൻ ആഗ്രഹിക്കുന്ന നമ്മെ ഇത് വിസ്മയിപ്പിക്കുന്നു. ഇതിലൂടെ കണ്ണോടിക്കുന്ന നാം ഓരോരുത്തരെയും സമകാലിക പ്രശ്നങ്ങളിലേക്ക് ഉള്ള ഒരു കണ്ണു തുറപ്പ് എന്ന നിലയിൽ ഞങ്ങളുടെ 18മത് വാർഷിക മാഗസിൻ നിങ്ങൾക്ക് സമർപ്പിക്കുന്നു

ഈ ഉദ്യമം വലിയ വിജയമാക്കാൻ ഞങ്ങളോട് സഹകരിച്ച എല്ലാ വിദ്യാർത്ഥികൾക്കും അധ്യാപകർക്കും മാതാപിതാക്കൾക്കും ജീവനക്കാർക്കും ഞങ്ങളുടെ ഈ ഉദ്യമത്തിന് പിന്നിൽ പ്രചോധനവും ശക്തിയുമായി നിലകൊണ്ട ഞങ്ങളുടെ പ്രിയപ്പെട്ട പ്രിൻസിപ്പൽ ശ്രീ. ബിജു ഫിലിപ്പ് സാർ നോടുമുള്ള നന്ദി അറിയിക്കുന്നു.

സമാധാനവും സന്തോഷവും ഐശ്വര്യ പൂർണ്ണവുമായ ഒരു ഭാവി നേർന്നുകൊണ്ട്

# RAIN

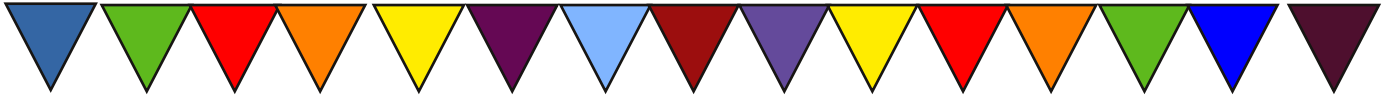

*R*ain drops form the clouds  
come to earth like crystals  
Falling form the sky  
And the trees and plant high

It rain over dry plains  
Forest , and all terrains  
Flowers bloom, the whole  
world cools down form pole

We only know value of rain  
when the earth dries of pain  
we conserve our nature  
Nature gives us future

Again raindrops form sky  
falls to earth lie  
under the soil  
for the farmer's toil

# The Powerful creature of god: WOMEN

WOMEN are the power / beautiful creature in this world. She is the 'embodiment' or representation of goddess. "She" - the mixture of all emotions—happiness, sadness, anger, hatred etc..

Does they impress these feelings completely in her family? No, absolutely NO.

an identity of yourself. You are unique, you have great "DREAMS". For making your dreams come true you should be able to qualify and become the financial earner of your family". Your career should be your aim and

happiness. You should have the power to learn from your own mistakes and

A woman living in a world of limitation. Who/ what maybe the reason for it? Does she get her consideration in family?? Are there anyone to wipe off her tears??

In this 21st Century toomorrow of the women suffer from dowry related crisis and some became unemployed. Some other Women limited to the area of kitchen and look after her children. But if this "she" has education she wont be limited to those situations.

Dear girl children, I'd like to say something to 'you' (it is also to our boys). "You must be educated, you have

be a successful woman. So be unique and powerful with your own identity.

## *'Living Beauty'*

*Once upon a time there lived a 9 year old girl. She really loved the nature, all the butterflies, flowers she loved every single bit of the nature. One day she was watering some plants, suddenly she heard the flowers singing and dancing she was very excited seeing this*

*Moral of the story:-*

*Even the slightest things that happens in your life makes it colourful*

## Importance Of Goals In your life

Your Life Goals are one of the important things in our life. when we worked hard for it. We must chase our goals which we say normally ambition. Most of people have problems to gain their goal. Majority of people choosing their career for gaining money,wealth and renown. Minority of people choosing for their happiness.

It is very easy to defeat someone it is too difficult to win someone. Everyone's childhood dream is to become like him/her. But no one think be myself. Mostly some. Goals chase us but we don't use it in right way. Start

a day with these words "If there is a way their is awill". A person who chase the goal try to explore everything.

Days come and go,but our opportunity is to be success for them or atleast for their parents. A great NBA player Mr. Michael Jordan said "I have failed over again and again and thats why I am succeed". Also their are many people who reached in their goal and fulfilled their dreams. Edge a WWE superstar who have a childhood dream to win a title,his dream became true,and he achieved his goal.

Now he is known to be "Hall of famer"and the Rated superstar over 25 years in the field. From Indian too people like APJ Abdul Kalam , B.R Ambedkar ex...

No one can't understand our dreams and forcing for their choices. We must show them who I am . Problems in our life are too motivation to succeed in life.

We must understand that everything comes to life. Life is not to be spoiled it is for to win. From a dream to ambition we must consider. It as our life's goal. For my goal I will work hard until it becomes true.

## Arrival of rain

slowly sky was creeping sky  
they tacked to each other  
and made a sudden thunder  
but they cost to glazing lightning  
trees were dancing with the wind  
made a more to her warm welcome  
earth was thirsty for her  
flowers made her a hand to wear  
setting sun bowed to her  
stars were peeping through the clouds

# Mirror

*In the 18<sup>th</sup> century in the land of Britain there lived a wealthy landlord named Darwin who was nearing the door of death. He had possessed a magical pocket mirror which was gifted by his great grandfather. The speciality of that mirror is, it could show the future of a person by just scanning their fist. Darwin decided to handover the mystical mirror to his son Nunez.*

*After several weeks Darwin had to go through a Cardiac arrest and unfortunately he passed away. The family was waiting till his death to get in hand of the mirror. Nunez started scanning each of his family mates fist to know their future. It came common that after several years, the family had been broke and had to sell all their lands to other landlords. Nunez was very disappointed of the result of the mirror and decided to earn money all ways possible. Nunez decided to rent the mirror to people in exchange of money and land. Every people in that town went through their future and understood what to do to make themselves wealthier. Darwin had forgotten to advise his son Nunez that the mirror was holy and only their family could use it. Since Nunez rented the mirror, he got more richer and the mirror started cracking.*

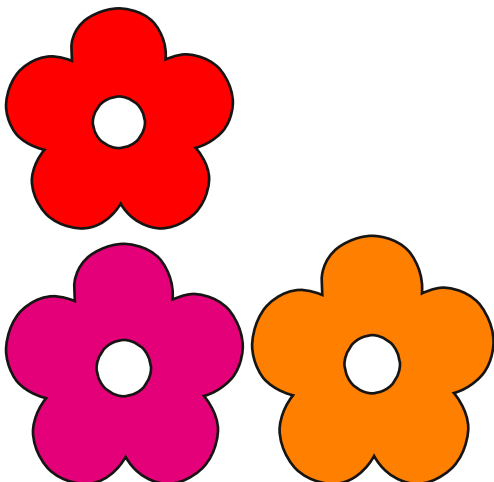

*The mirror burst and Nunez died instantly. The reason of his family to be broken was the death of himself. As the future predicted his family went on to the roads and was bankrupt. Nunez's soul who was watching his family suffer was very sad. Then a wise man from the heavenly priests said that, "There is nothing in this tiny world that can disobey God's plan". Nunez was very upset and understood the moral that ones faith cannot be changed by himself and only God can do such miracles.*

*Then suddenly Nunez's wife waking him from sleep and he was very happy that it was just a dream and no such mirror existed. He had instantly prayed and thanked God for all the blessings and once again thanked God for teaching him a wonderful lesson through his dream.*

# *Nature*

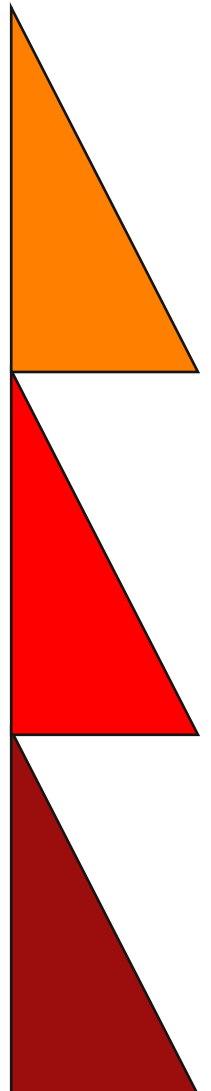

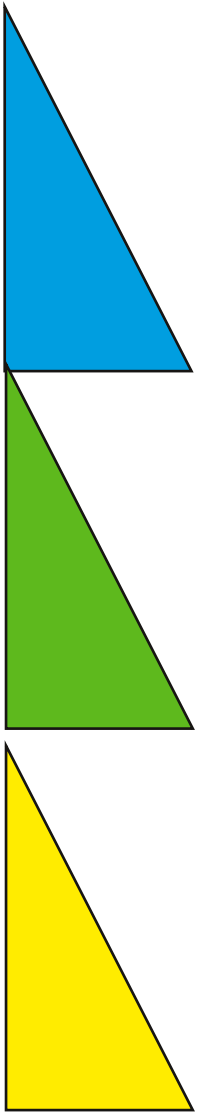

West moving greenfield  
Tree dancing with the wind  
Snow caped mountains  
Chill with pine  
Muddy wet rain forests  
Calming light wind above the pond

Red hot dessert waiting for the grain  
Rivers and streams waiting  
for the end with the  
Calming beautiful Ocean  
Some are frozen some not

The northern light find its way

## THE SACRED

We are the unlucky teachers of this generation,  
the luckiest are those who taught us,  
not because they taught us,  
but because they taught a generation who gives respect to  
teachers.

who never argued with them for frivolous things,  
who never asked them about their salary,  
who never showed their frowning face towards their teachers,  
Sometimes we didnt understand what they taught,  
but we rarely complained their teaching methods.  
we were dare enough to questioning them but we didnt.  
They were like godly figures to us,  
we never intended to do any discourteous deeds to them,  
only a few in this generation who valued the dignity of a teacher,  
and the sacred relationship between teacher and a student,  
which is more precious than a Diamond.
