## End of the beginning beginning

All the birth was unpredictable and uncountable,  
Life feels like standing near to a gigantic mountain.  
But it seems like searching for the tranquility of maritime world.  
Although, we look like an angel, talk like an angel.  
I thought the beginning and ending was like fleeting nature.

Water is getting colder, this is the time to awake.  
Sometimes the silence guide our mind, so move far away.  
Studying step by step, everything, & and loved by someone.  
Wanna play with the fire and tears, come on!  
I thought the beginning and ending was like fleeting nature.

School is just the place <sup>where</sup> all the good journey begins,  
The butterfly flutters in the breeze, and whispered again.  
"Wanna experience the world, without emphasising its age of old."  
My friend, you are worth more than diamonds, more than gold.  
I thought the beginning and ending was like fleeting nature.

Day by day, losing all my golden day  
Feels like living in a teenage dream, owe to come back to bus bay  
First, it feels like sweet and sugar, now feeling like lime and sour.  
Life going like seed that grow from soil, detached by <sup>when</sup> water pours.  
I thought the beginning and ending was like fleeting nature.

Oh, loses all the teenage feature, being in the midnight  
Some mistakes can made, that's okay, that's alright  
The mind was on money, some of them gave honey  
Dollar bills, and choice, make me like billionaire, by <sup>the</sup> my money  
I thought the beginning and ending was like fleeting nature.

By the perseverance, by the effort, by the hard work.  
Just paves the way for my children's smart work.  
Writing and reading few poems in my empty life  
Happily and smooth like butter. Being his wife  
I thought the beginning and ending was like fleeting nature.

At least deepest as the pacific ocean, I just wanna live,  
"And daddy's gonna buy you a mockingbird, just give it  
Living in a happy nation, with transient dreams of gratitude  
Fireworks of boundaries getting our greatest aptitude.  
I thought the beginning and ending was like fleeting nature.

Cause I'm in the stars tonight, being the fire that set night alight,  
I know that you're sad, inside you wanna cry a lot.  
Losing money is a losing game, trapped in the arcade.  
Barefoot on the grass, tied up my hair, don't be afraid  
I thought the beginning and ending was like fleeting nature.

The car was going in a glossy rhythmic way of pain  
Write up the message through my bloody vein,  
The irresistible call of nature bounced them back  
The car flies over the thundering sky, and heard a crack  
I thought the beginning and ending was like fleeting nature

Loved ones goes to heaven, without asking permission to me,  
Harshly shouting sound and glitters of fears are in the sea  
They just walked to the way, ~~from~~ where they came from  
Expectations drowned me to the deepest ocean of some  
I thought the beginning and ending was like fleeting nature.

Now life was like a 'nomadic gypsy life'.  
The spume and spray are directed to my dream.  
The all journey ends where it begins,  
The nature helped in the whole journey  
I thought the beginning and ending was like fleeting nature.

Trying to live a life with no hesitation  
But contains a huge bundle of dedication  
Streams together from river, rivers together from ocean,  
The window bars are waiting for your sight  
And my eyes are searching you for no reason.  
My inference was not correct, the beginning and  
ending was not like the fleeting nature!
