Education

*“Education
breeds
confidence.
Confidence
breeds hope.
Hope breeds
peace.”*

—CONFUCIUS

MY DEAR MOTHER

*TO ONE WHO BEARS
THE SWEETEST NAME,
AND ADDS LUSTRE
TO THE SAME,
LONG LIFE TO HER,
FOR THERE'S NO OTHER,
WHO TAKES THE PLACE
OF MY DEAR MOTHER.*

ANSAB.P

10A

APJ

"ഒരു രാജ്യം അഴിമതിരഹിതവും മനോഹരവുമായിത്തീരണമെങ്കിൽ സമൂഹത്തിൽ മൂന്ന് അംഗങ്ങൾ കൂടിയേ തീരൂ, അത് അച്ഛനും അമ്മയും അധ്യാപകനാണ്"

-എ.പി.ജെ. അബ്ദുൾകലാം

-DHYAN CP

TEACHER

paint their minds
and guide their thoughts
share their achievements
and advise their faults

inspire a love of knowledge and truth
as you light the path
which leads our youth

for our future brightens
with each lesson you teach
each smile you lengthen
each goal you help reach

for the dawn of each poet
ns with a teacher
and the wisdom they bring

-DANISH K

FRIENDS

*I can't promise to fix
all your problems
but i can promise ...
you won't face them
all alone.....*

-M.ZUHAIR

GEOMETRICAL CHART

INDIA IN THE WORLD OF SCIENCE AND TECHNOLOGY

Science and Technology play an important role in modern life. India has been the most famous country in the world in the field of Science and Technology since ancient times. India's Science and technology has given real recognition to India all over the world. Today, India has become a rapidly emerging and developing country through new inventions in the field of Science and advanced Technology. Despite the lack of high-end equipment and funds, India has consequently succeeded in beating the giants in the field of physics, mathematics, medicines, chemistry and space studies.

* India has the second largest group of scientists & engineers in the world.

* India's achievements in the field of I.T and software are recognized worldwide.

* India's total solar power capacity has grown more than eleven times in the last five years

* India is the only country which has made the first successful attempt to reach Mars.

* India's BrahMos is the world's fastest and most formidable anti-ship cruise missile.

* "PARAM"-India has been credited with making the world's lower cost supercomputer.

* India has successfully designed very low cost wireless telephones.

* ISRO has demonstrated its capability to handle complex missions by successfully launching a record 104 satellites on a single rocket.

* India's heaviest rocket built in ISRO is GSLV MK III. This is a big step towards being self-reliant in the country's space programme.

* The Indian National Satellite System [INSAT] is one of the largest domestic communication satellite systems in Asian-Pacific region.

*Rifan Sharook, an 18 year old resident of Tamil Nadu, has created history by designing the world's smallest satellite which has been named 'KALAMSAT' after former president APJ Abdul Kalam.

*A team of Indian astronomers has discovered very large supercluster of galaxies.

*India is one of the largest country of I.T services and five of the top twenty best I.T companies are Indian companies. They are TCS, Infosys, Wipro, Reliance Industry Limited and HCL Technology.

ADVANCEMENT IN SCIENCE AND TECHNOLOGY

People now have good knowledge in almost all areas like establishment of railway & metro system, railway ticket, internet, electricity department etc... Government of India is now creating more opportunities for the people through new technology. The development of country is happening very fast today with better technological development.

THE ROD NOT TAKEN

- Two roads diverged in yellow wood
 - And sorry i could not travel both
 - And be one traveler, long i stood
 - And looked down one as far as i could
 - To where it beat in the undergrowth
 -
 - Then took the other, as just as fair
 - And having perhaps the better claim
 - Because it was grassy and wanted wear,
 - Though as for that the passing there
 - Had worn them really about the same;
 - And both that morning equally lay
 - In leaves no step had trodden black
 - oh, i kept the first for another day!
 - Yet knowing how many leads on to way
 - I doubted if i should ever come back
 - I shall be telling this with a sigh
 - Some where ages and ages hence;
 - Two roads diverged in a wood and i
- i took the one less travelled by, *and that has made all the difference*
