

Topic : Dream of a Refugee

Oh! the world is even darker,
the silhouette of time is fading
Brutal oppressions being bitter
Can't tolerate cause it is killing

Wanna gallop to the peace,
And evade the wryly laughs
Let the epiphany comes at ease
Kill the fears which is tough

Don't give up to the tortures
Will hear dulcet tone of felicity.
Don't fall for the lies by traitors
Wanders the street for some pity.

Follow the hope for tranquility
Dreams eagerly waiting to smell the independence.
Save the dotent eyes from this pity

Hear the victory which is mellifluous.

Tear the shabby nightmares

Find the lead one in the loquacious crowd.

Just hold the one who really cares

Polish the arrows for being suave and proud.

Don't be lethargic in front of topsy tuavy

There is no elixir to bring instant euphoria.

Burden of life is getting heavy

But the endeavours leave the eumoiety.

Feel the soothing waves

Ignore the squeamish stains

Walk into the dark caves

Like the lion who don't cares.

Can see the light which is farther,

There isn't a serendipity to get it soon.

Go ahead to the victory which is closer.
