# Rain

When Rain was falling on The ground

Our head was Cool

When the Wind was Blow on the flowers

I was clanking on yard

When we Open Our Umbrella

and hold up do so high

When I Walking on the Rain

It will keep me dry.

When The Rain is Over,

The Sun began to glow

Little flowers are started to bloom

The Sunlight was falling all around.

## The Rain

Arjun shibu

The clouds were closing, and the  
thunder was coming

When the thunder comes, the rain also enters  
Poor clouds were crying

Childrens were enjoying in the rain

Playing in the water showers of rain

The puddles were formed  
the rain went far away
