Fragrance is the essence of flowers. Aesthetics is the essence of art. So too, right vision is the essence of human life.

Misguided by the world, majority of today's youth are figuratively 'vision impaired'. It is imperative that we, the parents and teachers of today make our youth vision empowered. 'Youth are not useless. They are used less. Youth are not careless. They are cared less'. Through right education and nobling experiences, let us care to create a generation of the most noble and benevolent youngsters.

My greetings to the Little Kite Masters and the student members on the release of '**Ponkathir'19**', our digital school magazine

Editorial

We are really proud and exuberant to acclaim that we are ready with all new hopes and hues to bring out the digital magazine "Ponkathir '19", which will surely unfold the unraveled world of the most unforgettable and precious moments of the school

It is a fine thing to have ability but the ability to discover ability in others. We are really thankful to MTC Of Ernakulam and our respected Headmaster for entrusting us with the responsibility of being a part of the Editorial Board. I take this opportunity to thank all Little Kite Members for sparing their valuable time to set their ideas in the form of a magazine. We hope this magazine will enjoy your critical acclaim and prove itself to play a vital role in the all round development of the children.
