Sacrifices of humanly humans

The stygian night was waiting for something to pick up momentum something, is that the rendezvous of fire and water? The puissant of something?

The block of that orphanage was thrust by a cry of ~~it~~ a little human.

A NEW L-I-F-E on Earth. someone said that its a beginning but someone rejected it as the E-N-D. Whatever the orphanage was welcoming her new baby boy with her motherly feelings nectar in heart and warmth in the corridors.

Another night for a baby to detach from his own mother and to ~~attach~~ attach on another mother.

She left her part of soul, her boon from god

or her great mistake in the cradle of that orphanage and that unfortunate woman with teary eyes, and painful mind, unscrupulous abdomen and ~~the~~ suffocating breasts, touched the door bell.

The sky was witnessing her with ~~teary~~ tears and they shedded with a huge downpour.

Hey, ~~was~~ ^{is} that a blessing for the mother?

or the nature's cursing method?

On that night, the tree whispered to her little

branches. "Children, do you know whats the

greatest thing a mother creature wants in her

world?, Its the fortune to hold her children tickly

to ~~be~~ envelop them with unconditional love

like what I'm doing to you". The little branches

loved the way their mom nurtured them and

to satisfy her words, they came close each other

and kissed the tree.

Out of the blue, sister. Svetlana appeared on the room and summoned other sisters to there, for welcoming their new child.

The baby boy was folded in a pale green towel, his lips contained a high urge for a mother and very soon the ~~sister~~ nurses used to feed him with baby foods and their warmth. But they can't hold him there for more days, ~~so~~ by making their heart a stone they agreed the movement of baby Agney to his new parents.

They ensured that the baby will be their utmost luck and puissant to the orphanage. Little Agney was happy always! - He don't know anything.

The tree in the front of that orphanage thought "Its better to don't know anything to don't root your thoughts on anything, to wander the whole heart into some other place" - Is that a boon or a stupid thing.

The tree again witnessed a wordy conversation with Agney's new parents and Sr. Svetlana. But that poor tree couldn't analyse it. It was a language of sympathy and fear which only certain ^{sapiens} ~~homosapiens~~ could interpret.

Years passed, the new family, once cherished with Agney's entry, the crowd who loved Agney like they are consanguineous now was fully topsy-turvy! Those couple who promised Sr. Svetlana that ~~he~~ "Agney will be our child, no matter how the "god-child originated" now shouted to that naive face of a 8 years old naive face.

"You, uncouth stupid,

Curse for your own parents,

Go away. Don't call us Mom and dad From this instant.

Now, we are blessed with our own blood!"

And what! The story culminated in an

orphanage.

The eight-year-old boy picked his plate for the first meal in that institution. Yes, his name was again written by some power in the vice of a kitchen like that!

The little eyes ensured that his plate is clean and carefully walked to the long queue of children, to have his FIRST MEAL.

The place wasn't suitable for our little Agney, for the first time, he witnessed children of human fighting for the chapatis like the war between Dieta aunty's dogs.

After this vista, he got a piece of the last chapate and some sugar to eat with that.

The little boy sat on the chair and kept the plate on that untidy table.

A sudden jaunk from him got viral there, "Why they are not cleaning this uncouth

table". which made a huge, manifold of laughs and screams on there. The poor boy, who was self-taught to hide tears for the very beginning of his life followed the same ritual and went to the bed. By letting his mind wander all over the room, he reverted his thoughts on that rough bed. The walls, the clock, the light everything is swallowing him to the memory of his house. Eventhough that HOUSE never provided love for more than 4 years to him, the food was EDIBLE. The little boy assumed that, they, the so-called parents will take him to that so-named house when christmas arrives. Because he was surely sure that Dieta aunty will ask about him.

He ^{with} brought, his little fingers, started counting the months for the birth of his christmas

The news from the ...

9th christmas.

After many calenders, there came his 14th christmas with a huge enthusiasm for his matriculation exam. with a great toil, endurance and perseverance, Agney is now like a diamond yes, he had undergo many pressures with his weak body and puissant heart. But now, the challenge for him is to defeat all the cues that Mr. Vineeth, his own teacher created on his life.

Wait, is he really a teacher or a cheater? Because, he always wanted his favourable students to win and in his unscrupulous eyes, Agney is not THAT MUCH. Just an orphan boy who knew to read and write. And Alas! Mr. Vineeth couldn't defeat him on the ninth-standared annual

exams, and as the result, ~~At~~ Agney ~~is~~ was promoted to next grade but with huge aims and evil thoughts, ... somehow Agney couldn't perform his best on the tenth year and which boosted that beast in Mr. Vineeth to harass him in manifold ways, verbally! And somehow that self-embolden heart of Agney went to a level low and he was in an unexplicable state. He don't know what, where and how. But he managed! ~~The~~ The conditions the globe around him felt like ~~he is~~ the whole world is mocking him from stem-to-stem.

"HOW AN ORPHAN ~~HE~~ DREAMT TO HOLD

THE EFFICIENCY TROPHY OF OUR ESTEEMED SCHOOL?"

But for his fortune, there ~~of~~ came a girl, Nivya, she was a student in 7th grade.

His new little sister.

She told that she is from a nun's orphanage and have to leave this place after two months. That really hurted Agney.

But everything ended with that yellow letter which postman handed to Mr. Vineeth.

And, by reading that Mr. Vineeth was very delighted, he appeared like a full moon.

It was from "ANNE NUN'S ORPHANAGE", to

send Agney to somewhere! He with his

total enthusiasm dealt all the matters to send away his little enemy. Actually, this

was a boon to Agney. By hearing the news,

he ran towards Nivya, but she was very

dull and sad.

Agney asked "What happened Nivi?"

Nivya continued "Now, the time has come

for me to go and what to do brother?"

Agney, just ~~the~~ unfolded the letter and she went to ^{an} excited state.

Yes, that was from her sister Suetlana! to take away Agney back to her place? So, that means he belonged to there?

Both were very happy to start the journey.

Days after, that defenceless young brother and his gifted sister, started their life in front of sister Suetlana.

Calender after, the day came for the very young Agney to apply for his UPSC CSE examination with the prime

support from Si. Suetlana and his ~~it~~ sister. Also, on the very same day he

met a person who was having the role of Lucifere in his lone life. Yes,

Mr. Vineeth. From the receptionist in that centre, that crooked culture came to know

about the next career step of Agney but he said nothing, lingered to that girl with Agney. Yes, Nirya. she had grown up! From the very next day Agney started his preparation, he was a pure inspiration for all the orphans in that orphanage. One day, after his morning sessions and good meal from the canteen, he with Nirya went for a walk.

Nirya started a conversation, "Brother, so actually you are a product from here. Right?"

Agney continued "Yes, I know now."

~~Agney~~ Nirya again disturbed him with next question "Have you ever thought of your original parents?"

Agney cleared her doubt like a professional motivational speaker. "Look Nirya, the origin of a river is not that much important.

see, it's not a lion's share. Actually, the family ~~we~~ that we make is really ~~of~~ beautiful ~~that~~ than the family that made up us like you and me"

Nivya agreed his brother and secretly knew that his brother don't want her also to think about their unfortunate past.

29th of May

The day for Agney's result. He crossed the prelims, mains and Interview session.

But, ~~the~~ Nivya who went to pray for Agnesh ~~left~~ came to home in a strange way, bruises in her body, tears in eyes and wounds all over.

Dr. Suetlana was amazed and was shocked by the shouting of Nivya.

Sister, "I'm a victim"

a victim of the cruelty of Mr. Vineeth.

Then, Sister Svetlana and Agney, who was ready to celebrate his huge victory with Nivya was stumbled. Agney ran to Mr. Vineeth after hours and hours, he saw Mr. Vineeth laying in his couch, with white foams in the mouth of that culture. And he ran back to ~~the~~ his room. The state and actions was very shocking and unexplicable. The day he fulfilled his dream, his sister ~~lost~~ got a great attack.

Suddenly, the news flashed and that struck ~~to~~ him like a thunderbolt, at first he couldn't believe and that was "Sister. Svetlana being arrested for killing famous ~~prof~~ professor Mr. Vineeth in a bottle of Mercury".

He went to see his mother like sister,

who was surrounded by police and media. ~~He~~ He asked, "Why!" Sister, showed him a diary with his teary eyes and without seeking other's attention, he moved to see the diary he opened and read with the stone heart

"Today, I did a great thing may be God too wanted me to do so. I killed the cruel one who destroyed my sister's life. Yes, Mr. Vineeth in a sip of Mercury. Father of Agney. This is my apologize to you my son Agney, your mother, my sister gave me in my hands but I had a fault in using you for more than 6 years, I know you suffered a lot, but this is what the universe need."

The tree in the front of the orphanage shed all its leaves; to end or to begin something?
