പുക്കുരുവി

പൂമരചോട്ടിലെ പൂങ്കുരുവി
പുന്നാരം ചൊല്ലാൻ നീ വരുമോ
പൂക്കൾ തോറും തേൻ നകരാനായ്
എന്നെയും കൊണ്ടുപോ പൂങ്കുരുവി

പാറിപ്പറക്കാനായ് ചിറകുകൾ നൽകി നീ
വിണ്ണിലേക്കെന്നെയും കൊണ്ടു പോക
എൻ മലർവാടിയിൽ വിരിയുന്ന പൂക്കുങ്ങൾ
എന്നും നിനക്കു ഞാൻ പകർത്തു നൽകാം

വസന്തങ്ങൾ എന്നും വിരുന്നു വരുന്നൊരു
പൂവാകയിൽ ഞാൻ കൂടൊരുക്കാം
പാറിപ്പറക്കുന്ന പൂങ്കുരുവി നീ
എന്നെ വിട്ടെങ്ങും മറയരുതേ

Artificial intelligence

Artificial intelligence is the intelligence of machines or software, as opposed to the intelligence of other living beings, primarily of humans.

AI technology is widely used throughout industry, government and science. Some high profile applications are : advanced web search engines (eg. Google), recommendation systems (YouTube, Amazon, Netflix), interacting via human speech

(Google assistant, Siri, Alexa), self driving cars (eg. Waymo), generative and creative tools (Chat GTP and AI art), and super human play and analysis in strategy games (such as chess go).

Alan Turing was the first person to conduct substantial research in the field that he called Machine Intelligence. Artificial intelligence was founded as an academic discipline in 1956.

DR APJ ABDUL KALAM

Dr APJ Abdul Kalam was an Indian scientist known for his role in the development of India's defence arena. He was the country's president during the year 2002- 2007. He was popular among children because he interacted with many students and inspired them to work hard for a bright future.

Dr Kalam had a humble beginning to his life from Rameshwaram as the son of a boat owner. His hardwork and academic brilliance propelled him forward to undertake some of most significant defence work that changed the country.

He was highly regarded in the country as 'Missile Man of India ' for his contribution to developing long- range raise missiles Prithvi and Agni. He also contributed in developing the Indian space research organisation (ISRO) in its early days.

As an inspirational figure, Dr APJ Abdul Kalam was loved by everyone in the country and especially the school children he inspired. His death in 2015 was mourned by the country as a great loss.

OPPANA

Oppana is a popular form of social entertainment among the Mappila community of Kerala.

The term oppana is

believed to be originated from the Arabic word 'Affna'. It is traditionally used in various important cultural ceremonies and in particular is a component of all Mappila weddings. Oppana is generally presented by females, numbering about fifteen including musicians on a wedding day. The bride dressed in all finery covered with gold ornaments and her palms and feet adorned with an intricately woven pattern of mylanchi sits amidst the circle of dancers.

SMILE

A smile is quite a funny thing,
It wrinkles up your face.
And when it's gone
You'll never find
Its secret hiding place.
But far more wonderful it is
To see what smiles can do.
You smile at one,
He smiles at you,
And so one smile
Makes two.

SOLITUDE

**A world beyond loneliness
A world of solitude
Slowly it learned to sail through
The deep ocean of tranquility.**

**The shadow of the past glory
Beckons every now and then
But ney;
I don't pay any heed of it.**

**The deep cut inside;still bleeds
Once it was so soothing
The healing touch of love
Or so it felt.**

**Though surrounded by many
Like the earth by moon
But no solace
Hurt someone by the cold looks
The only arm of a hopeless mind
Helpless as ever been.**

**The journey will go on and on
Through the deep ocean of solitude
Until discovering the other end
Awaiting a bouquet of white flowers
Dropped from a gentle hand.**

**The only longing
Of the sailor
Who lost the way
In the unknown jungle of life.**

THE OVERTHINKER

Completely self-conscious
Analysing every movement, past actions,
reactions, Interactions and statements
He just can't help himself
Although he has begun to feel canned and
hemmed in by this affliction.
It isn't because he's concerned with
images,
As he has no available mirror
But he appears transfixed on impressions,
Questioning and grading every human
alike he's keeping score of his life
Sounds exhausting
is exhausting
The baddest of habits he's like to break

EILLIO IMBASCIATI

"Stop overthinking everything.
Just let it be. relax and
go with the flow more.
Worry less. and don't take
Life so seriously.....
LIVE A LITTLE"

Be alert, Safe
- Rainy day opens my school
Autumn Spring 'nd winter
closes within the blink of eye.
- Morning for going out
Evening for coming in
Makes home lovely one.
- She likes shoe flowers
Keep them seeing far
Polish with dreams
- Water kept in edible ball
Ball is kept in palace
With three eyes
- To school from school
Shapes me
Who I will be
- Class work home work
Hard work smart work
Makes future glitter
- It's me, and me only
Make moments
