The School
My School, MES
This is the place where i belong;
in my happiness
in my sadness
This is the place i rely on
this is the place i belong....

I learn to live here
I learn to step on to life
I learn to be the best
of myself

To my teachers
who hope us to be
the best
To my parents
who wish me to be
the best
To my country
whose only hope
is us
