Invention of telephone

Several inventors did pioneering work on electronic voice transmission, many of whom later filled intellectual property lawsuits. When telephone uses patent but it was Scottish inventors Alexander Graham Bell was the first to be awarded a patent for the electric telephone on March 7th 1879. three days later, bell made the first telephone call to his assistant, Thomas Watson, saying 'Mr Watson come here. I want to see you' floundering to author it. Edward Evenson in his book,"the telephone patent conspiracy of 1879" The Elisha Gray-Alexander and its many prayers' (Macfarland,2015) the impact of the telephone on

the world has been immense. It has changed the way people communicate

do business and even live their daily lives. Today the telephone is one of the most widely used communication tools in the world and many people take it for granted. Before the telephone was invented, people have to convey messages orally or writing. With the advent of the telephone service, instant communication became a reality for billions of people around the world.

The telephone was invented in 19th century (1870) and quickly became one of the most important inventions of all time. The telephone exchange change the world by allowing people to talk directly to each other over long distances. The telephone bill

system simplified the process of communication and allowed for more efficient commerce and social interactions.

Life and Dreams

*life is short, don't be short of dreams.
Give wings to your dreams and fly high.
Hold tight onto the wings of your dreams.
Have the courage to believe in
the beauty of your dreams.
If you disbelieve, who else to believe?
Dreamless life is dead even while alive.
Live life to the fullest.
Follow your dreams and find your
immeasurable possibilities.
Never limit your world of dreams.
You harness the horse of your dreams.
Earth is the right place for dreamers,
not vain dreams!!
but dreams that make us asleep
those that inspire to explore and
find untrodden paths.
Nightmares may pounce on us
never be frightened, just believe in yourself.
In an earth that inhabits more dead people
than living
you have got only one chance!
Don't embrace your tomb with your already
buried dreams.
Many visit this planet and leave without a*

trail!

*Do you want to start apart?
Or merge with the many?*

GLOBAL WARMING

God has blessed with the countless things such as oxygen, water, plenty, of nature resources. But we have poisoned air by chemical fires polluted the reserves, and the converted pristine lakes into cesspools, cut of trees which made decreasing of rainfall and growth of plants and caused the deforestation and due to that, the global temperature will raise and the world will be a desert so we should stop global warming.

Now dear friends it's time to raise up and speak for our mother earth and for our future. Fire we really keeping one promise to see the green pastures of our environment. Just imagine our school ambience as a bald headed man, yes, it's going to be true in the coming years if we fail to keep our promises -of plant trees, and stop global warming.

Work while you work

work while you work ;
play while you play
one thing each time;
that is the way
all that you do ,
do with
you might things done by halves
are not done right

My earth

People live on earth
Earth is the gift of God
Earth's soil is Gold
All creatures on Earth is like
Shinning stars.
The river is glowing like the sun
I love my world
I love my world
I love my earth
I love my earth

My Mother

my mother is a true gift of god
the one who only takes care of me
those my fallen hopes are treated well
the beauty which has a delay of love.
You taught me the way to love
the mind of you which is full of lofty spirit
come to know about me and my life
the one which i love the most.
You contribute in my hard work
always laying stress on my safety
and always see god in me
whom i respect equal to god
forever she is like a friend
waiting for you always
when i wandered in a desert
full of sand and cactus
i found a last hope in an oasis
which i compare to you in your love
trembling with sad and a fallen fortunes
you gave me a light of love
which enlightened my mind
the whichi love the most

Chemistry quotes

- 1. The meeting of two personalities is like the contact of two chemical substances if there is any reaction but are transformed*
- 2. I consider nature exhausted chemical laboratory in which all kind of composition and the decomposition are formed*
- 3. Dilute your sorrow evaporate your worries filter your mistakes , boil your ego you will get the crystal of happiness, happiness from chemistry perspectives*
- 4. During peace time scientist belongs to the world but during war time he belongs to his country*
- 5. Fortunately science like the nature to which it belongs . It is neither limited by*

time nor

*by space .It belongs to the world
and is no country*

*and no age . The more we know
the more we fail*

*our ignorance the more we feel
how much it remains.*

School days

school is our second family
where we study for years happily
ways of enjoying life fully
and to be jolly every moment we
spend there
friends who share their joy and the
sorrows
teachers are who really care for us
we grow healthy in body and mind
scholars we do become before we
part
so i tell you friends enjoy your school
days
before it melts
remember these days which are gone
and they are the most beautiful days
so enjoy in all your way
so that we could say

east or west our school days are the best

The wind

who has seen the wind?
Neither i nor you
but when the leaves hang trembling
the wind in passing through

who has seen the wind?
The wind
neither have I known you
but when the trees bow down their
heads,
the wind is passing by

Dangers of drugs

Drugs were discovered to prevent and cure physical diseases and to reverse the disturbances that occur in some mental illnesses. The power of drug has let people to believe that any ailment infective or physical can be relieved by taking a pill. At the

*first sign of nervousness they try
pep pills. Medical journals now
advertise tranquilizers and other
mood-altering drugs. When
people become dependant on
drugs to solve their problems.
People take drugs when they feel
bad. The take drugs even when
they feel good ahead*

Dreams

**Dream is wide
it's like a bird
smooth and endless
it can lead our life to
the step of success
Dream is sweet
but also better
it creates many changes
in our life....
dream is like the sky
We all are the stars of it
some twinkle but, some....
it also gives us good
Mesage to our life**

സ്വപ്ന ലോകം

സ്നേഹം പൊലിഞ്ഞിറങ്ങുമ്പോൾ
നീർച്ചോലകളിൽ...

ഒരു സുവിശേഷത്തിൻ ശിരോലിഖിതം
പതിഞ്ഞ രാഗമായി ഒഴുകിയെത്തുന്നു...
ഇവിടെയെൻ പ്രണയ ശ്മശാന
മൃതയിൽ ഞാൻ തനിയെ
നക്ഷത്രങ്ങളുടെ വസന്തകാലം കുറിച്ചിട്ട
പ്രണയ സ്മരണകൾ കോർക്കുന്നു...
"പ്രണയം"

ഒരു വിലക്കപ്പെട്ട കനി
മഞ്ഞുറഞ്ഞ സ്വപ്നങ്ങൾ
കാലത്തിനമക്കരെ പെണ്ണൊടുങ്ങി...
പൂർവ്വ നിശ്ചിതങ്ങളിൽ
നിയോഗങ്ങളിൽ ഒരുപിടി പ്രണയ
സങ്കല്പങ്ങൾ ഇനിയും ബാക്കി
നിൽക്കെ...

മനം വെറുതെ കൊതിക്കുന്നു വീണ്ടുമൊ
പ്രണയ തീരത്തിലേക്കൊരു
തീർത്ഥയാത്ര പോകാൻ

അമ്മ

അമ്മയാണെന്നെൻ്റെ ലോകം
സ്വപ്നങ്ങൾ വിടരും ഭൂമി
കിനാവുകൾ ഉണരും നിദ്ര
അമ്മയാണ് എൻ്റെ ഉള്ളിലെ താളം
ജീവനിൽ ഉണരും രാഗം
ഹൃദയത്തിൽ വിരിയും ഗാനം
അമ്മയോടൊത്ത് ഞാൻ ഉണരുന്ന...
അമ്മയോടൊത്ത് ഞാൻ ഉറങ്ങുന്ന
അമ്മ എൻ്റെ ജീവൻ്റെ ജീവൻ

കിനാവ്

നല്ല നാളുകൾ സ്വപ്നം കണ്ടുറങ്ങുന്നു
ഞാൻ

എന്റെ കിനാവിൽ നിറയെ മഞ്ഞ
മന്താരങ്ങൾ

മന്താരം പൂവിടുന്നതും സ്വപ്നം കണ്ടു
ഞാൻ ഉണരുന്നു

എന്റെ ഉണർവുകളിൽ എന്ന്
പൂവിടുന്നു മഞ്ഞ മന്താരങ്ങൾ
